Minor in Inclusive Education
Bachelor of Science in Education Majors

Inclusive Education Minor (18 hours)
An inclusive Education minor for students seeking a Bachelor of Science in Education degree will begin fall of 2012. The program consists of 6 undergraduate courses for a total of 18 credit hours. This minor does not lead to provisional certification but could result in a district waiver.

Required Courses for Inclusive Education Minor
1. SPED 510/511 Overview of Special Education *Existing Course
2. SPED 512 Characteristics of Students in Inclusive Settings
3. SPED 513 Instructional Approaches for Inclusive Classrooms
4. SPED 514 Professional Collaboration in Inclusive Settings (50 hrs classroom experience)
5. SPED 515 Positive Behavior Support in Inclusive Settings
6. EDUC 551 Diversity in the Classroom *Existing Course

Purpose:
- Program will positively impact public school students K-12.
- Pre-service teachers will have additional tools and increase their understanding of inclusive education.
- Program will assist candidates in deciding if they want to pursue a career or Master of Science in Special Education.
- Program will improve preparation and test scores for Praxis 2 which includes special education content.
