TIME TO ACT ON NIAGARA FALLS & EASTERN CANADA “FEATURE” TOUR!

Although it is about eight months away, now is the time that reservations need to be received on this very popular “GUS Feature Tour” to assure having a place for yourself and your traveling companions. Because of the excellent quality and value, and the time of the year, spaces are limited and demand is great. All that is required to secure your spaces is a low per person reservation deposit, fully protected as detailed a bit later in this article.

A “Feature Tour” is one of a select few special personally hosted travel experiences that your Alumni Association has chosen to be included in our special “Come and go with GUS” program of travel opportunities. Such a tour is a value-added travel experience. Everything necessary, including roundtrip air transportation, travel protection insurance, and an outstanding itinerary filled with extra included bonuses for alumni and friends is included in the one price paid before departure. You won’t find this same travel experience included in any of the regular offerings of any other company to the areas featured. In fact, we recommend you request a brochure and compare. Special savings are in place for alumni and your entire travel party, even if they are not alumni of PSU.

NIAGARA FALLS & EASTERN CANADA is a “MotorcoachPLUS” experience created by our travel coordinator, Please Go Away™ Vacations, a Kansas company founded in 1966 that specializes in arranging unique and one-of-a-kind travel experiences to all seven continents of the world. “MotorcoachPLUS” indicates that included flight arrangements allow you to avoid long, boring and costly days of travel associated with normal motorcoach experiences. Instead, as a “plus,” you fly to the heart of what you really want to see and experience in a matter of a few hours and then have a waiting luxury motorcoach personally chauffeur you and your personal host through behind the scenes and in depth experiences that are regularly missed on other travels because of constraints on available time.

This particular “Feature Tour” is a marvelous combination of included experiences and sightseeing during the very popular autumn season of the year.

Understanding that early reservations are necessary to secure your spaces, but at the same time realizing that plans can and do change, your Alumni Association has arranged for special protections to safeguard your deposits and tour payments. The first is a 100% RESERVATION DEPOSIT REFUND GUARANTEE. Until April 7, you can cancel “for any reason” and receive a full refund of the low reservation deposit you paid to hold your space. After that, you can still cancel and be protected, but the reason for doing so must be a “covered” reason under the terms of the included travel protection insurance. Such reasons are normally health, accident, death, etc. of yourself, your traveling companion, or a family member not on the tour.
