Minor in International Business

Students with a major in other colleges may wish to minor in international business. The minor in international business may be used to satisfy the minor requirement for the Bachelor of Arts degree. It may also be used to satisfy the minor requirement for several majors under the Bachelor of Science degree. The Department of Management and Marketing welcomes students from those areas.

ECON 201: Introduction to Macroeconomics	3
MGMKT 327: Management and Organizational Behavior	3
MGMKT 330: Principles of Marketing	3
MGMKT 439: International Business	3
MGMKT 444: Legal and Social Environment of Business	3
MGMKT 601: Special Topics (International Experience)	3

- Introduction to a foreign language or equivalent (3 hours)**

MGMKT 601 Special Topics (International Experience)- A number of experiences may meet this requirement (e.g.

study abroad and so forth). All International Experiences must be approved in advance by the International Business Major advisor.

** Students already proficient in a foreign language may take a departmentally approved language proficiency test. The students will be required to pay for any applicable costs of the exam. A passing score on the test, as deemed appropriate by the international business advisor, will be required. Students are not given PSU credit for passing the proficiency exam, nor do they earn PSU credit hours for passing the exam. Students may be required to take approved electives in lieu of the 3 hour foreign language requirement if a passing grade on the exam is achieved. The International Business adviser, or departmental representative, will determine substitution courses. In all cases, students must earn the minimum number of credit hours required for the minor.
