Tu Th F classes will take their examinations during the period set for the Tu Th classes. M W and W F classes will take their examinations during the period set for the M W F classes. Lab finals in lecture/lab classes may be given during the last scheduled lab period of the semester as an alternative to an added exam during finals week.

In classes starting other than on the hour, and not listed above, finals will meet beginning on the preceding hour.

Room conflicts should be worked out and assignments made by the Scheduling Office.

The following policy applies to the days of May 5 to May 9, 2008:
 "No tests or major assignments will be presented during the week prior to final examination week, unless identified in the course syllabus presented at the start of the semester." (Adopted by the Faculty Senate April 19, 1999.)
