Kelce Alumni, John and Susan Lowe, pledged \$3 million to the renovation and expansion of our physical facilities. The project, currently projected to cost a total of \$21.5 million, will feature modern classrooms, seminar rooms, collaboration spaces, and a large lecture hall to accommodate public speakers and executives in residence. The interior will feature a two-story atrium with a coffee shop and access to an outside courtyard. Primary funding for the project will come from private and corporate donations as well as state taxpayer support. Many naming opportunities are available for those interested in participating in the project.
