1. ADA Compliancy (computers/software)

2. PSU computer systems will not be accessible on Nov. 26 to move the entire computer system.
3. The PSU Physical Plant has had a break in and tools were stolen. There have been several other reports of items being stolen on campus. Efforts will be re-doubled to make sure buildings, etc. are secure.
4. CLA (general knowledge) test will be conducted in two classes in Kelce this semester. Dean Dearth asked for input on courses to be tested (senior level and freshman level courses).
5. NCAT (education accrediting body) will be here this Sunday and will be leaving on Wednesday.
6. Dean of Arts & Sciences search is underway and closes on November 11. There are several applicants. Interviews will begin in late November to early December.

12. Office of Information Services Update was distributed for informational purposes.
13. Summer Session Staffing/Payroll
- a. State funding for the COB for SU 2011 should be around \$179,000 based on last years expenses.
 - b. Chairs should not count on continuing studies funding being available for summer school staffing this year. This line has traditionally been used to fund on-line courses.
 - c. Strategy for this year might be to use Ken Smith's non-used salary funding (since he will be teaching at another institution for the summer session) for some of those positions which might not be funded. These would probably need to be full-time tenure track teachers.
 - d. Departments should not pare down their course offerings when requesting staffing for SU 2011 but be prepared for the possibility of not receiving total funding.
 - e. Staffing requests for SU 2001 are due to the Provost by November 8.
 - f. Staffing requests will be discussed at the next Chairs meeting.
