

Resolution Affirming the Importance of Academic Integrity in Education

Whereas recent events within the Kansas K-12 schools have brought to light the issues of intellectual honesty and academic freedom, and

Whereas it is imperative that the principles of intellectual honesty be reinforced at all levels of education, and

Whereas the academic rights of teachers/faculty to enforce standards of intellectual honesty must be upheld,

Therefore be it resolved that the Council of Faculty Senate Presidents reaffirms our commitment to the principles of intellectual honesty and academic freedom.

This resolution will be sent to:

Andy Tompkins, Commissioner of Education
