

Stephanie Schmidt Scholarship

Stephanie Schmidt

Gene and Peggy Schmidt married after having met each other while attending Pittsburg State University which was then the Kansas State College of Pittsburg. Peggy was an art major and Gene received his Bachelor of Science in English Education in 1967. They have established this scholarship in honor of their daughter, Stephanie, who was majoring in Psychology until her untimely death in 1993 in Pittsburg. Following her death, the Schmidt's successfully changed state and national laws regarding sex offenders. They also continue to help families with their Grief Support program. This scholarship hopefully allows Stephanie's legacy to continue.
