Department Policy on Criminal Activity

Most graduate students in the Department are at some point involved in providing direct mental health services as part of their practicum and internship experiences. As a result, the Department has a policy that requires *all* applicants consent to background checks with Validity Screening Solutions regarding the applicants' history of convictions for crimes involving violence or exploitation of others. Failure to sign the PSU Disclosure and Authorization form will result in the immediate denial of the application. The application fee helps to recover the costs of obtaining this information.

Notification of Applicants

Applications that are complete by the deadlines will be reviewed by a committee and will receive a letter informing them of the department's recommendation or rejection. Those admitted to the program will receive an official letter of admission from Graduate Studies following the department notification.
