Do not need to change prefix numbers for current classes

Only need prefix numbers for brand new classes

Do not grow larger in course requirements for classes

Try to stay close to 124 hours

Minor not suppose to be no more than 24 hours

Some minors 15 – 18 minors

Going to Regents: changing title of program

If only changing classes-do not have to go Regents

RSSHM-Prefix?

Prefix for each emphasis area?

Certificate needs to be 24 hours in order to receive financial aid

Put in core classes into the requirement of the hospitality emphasis in order to qualify for financial aid:

have a track specifically for hospitality emphasis

Have a track specifically for certificate seekers only

Benefits those who can't afford it, meets financial aid requirements

Add in Rec law?

Starting hospitality in January would not be an issue since it is brand new-no majors yet!

If start others in January, could be problem with changes in sport management
