

Recreation Program Meeting Minutes  
11/11/16

Faculty Present

Ms. Sarah Ball

Dr. Laura Covert Miller

Dr. Janice Jewett

Dr. Rick Hardy

Recreation and sport administration/management

Business school: will they a problem with management?

Is this going to affect our accreditation

Special event in game day, etc., for special events class

Will accreditation affect the TR students going into the internship program?

Sport, do not add an "s"

Limit on minors for program??? Such as, can only have three to choose from or more???

Be clear on what we are doing, intentional with communication on what we are as a department

Include sport name into Recreation Administration emphasis

Leadership minor still available for recreation administration

Change minor to make more accessible

Mandatory to attend student summit and  $\frac{3}{4}$  of sessions/conference

Temple University: Accredited, closest to recreation and sport management that we would be doing

Missouri State: accredited, closest to recreation and sport management we would do

Middle Tennessee State: same as above

University of Tennessee: has rec in title, but no rec classes, all sport

**Title of recreation program overall:** leave title as is, can we still attract by adding sport to Rec Administration emphasis

Rename/check current courses content and rename

Emphasis: add more or take out

    Add/delete minors: no problem with expansion

    Why make too narrow

Add more emphases: how cover?

    Take out courses offered twice year

What kind of courses would need to be created?

Title of recreation program: first priority

Second: make changes necessary to classes if needed

Put through legislation if needed

Then start looking at changes to the rest of program

Is now the time to start a new emphasis area?

    Do we first get initial changes made then pursue new emphasis?
