2. Rationale for change, including changes to curriculum objectives:

The American Association of Colleges of Nursing (AACN) developed "The Essentials: Core Competencies for Professional Nursing Education" in 2021. Schools of nursing were encouraged to begin the transition to meet these guidelines. In 2024, the Commission on Collegiate Nursing Education (CCNE) adopted "The Essentials" for accreditation of nursing programs "Standards for Accreditation of Baccalaureate and Graduate Nursing Programs." The PSU School of Nursing completed a thorough review of our curriculum, attended national conferences, requested student input, utilized student evaluations, and developed the new curriculum with updated Course Descriptions, Course Objectives, and Assessment Strategies to align with "The Essentials" and Accreditation Standards.

Definition of an Emphasis

Area of Emphasis is a specific subject area that exists within an approved degree program and major. At Pittsburg State University a minimum of 12 credit hours and no more than 24 credit hours are expected for an area of emphasis in a baccalaureate degree program.

Definition of a Minor

Minors at Pittsburg State University may range from 15 to 24 credit hours. When selected to accompany a degree that requires a minor there must be at least nine unique credit hours in the minor that are not found in the student's major in order to meet graduation requirements. In instances where the major requires a minor (not the degree type), academic departments/schools may specify minors that best achieve the learning objective for their students.

Definition of Certificate Program

A certificate program can be undergraduate or graduate in course content and provides a specific body of knowledge for personal or career development or professional continuing education. Certificates may be taken while also pursuing a degree or independent from any other studies at Pittsburg State University. It is recommended that if the student is only pursuing a certificate and not in conjunction with a degree and wishes to apply for federal financial assistance that they visit with personnel in the Student Financial Assistance office regarding the eligibility for aid for the certificate of interest. At Pittsburg State University a certificate can range from 12 credit hours to 24 credit hours.
