Next Faculty Senate Meeting: March 30, 2020 -- 3:00 pm
Academic Affairs – No report

Undergraduate Curriculum –

Library Services – See full report on following pages

Online and Distance Learning – The Online and Distance Learning Committee met on 2/11/2020 and discussed the following items:

- Pittstate Online Landing page should be ready to go live in March. Continued support and feedback of page content will be critical for success of online students. Faculty should be encouraged to provide feedback for ideas to improve the landing page content.
- The committee discussed plans for hosting an online and distance learning gathering for online faculty and support staff in April. This gathering will focus on the current resources available for online programs and provide online faculty and support staff a platform to discuss trends and needs.

Academic Honors – Student applications for Academic Honors projects during the Spring 2020 semester were due February 3rd. They are currently being reviewed by their respective college committees and students should hear back from the Registrar’s Office the week of February 17th. Here is a breakdown of the number of applicants received this semester:

Total of 59: COE (6), COB (6), COT (12), CAS/Biology (27), CAS (8)

Honors College – Honors College met on Sunday, Feb. 9th for On-Campus Interview Day to Interview possible candidates for the PSU Honors College.

A total of 44 possible candidates were invited to the interview day after cutting applicants down from 58 candidates, which is the highest number since 2017. The average of applicants for the past eleven years is 66. The initial screening process is done using a rubric and grading each applicant.

On interview day there are four people in each room interviewing the applicant consisting of a committee member, current Honors College students, and Honors College alumni. Interview consists of standard list of questions for all applicants and a rubric is used for scoring. Based on the outcome from the preliminary screening and the interview, the candidates were narrowed down to the final 30. Invitations will be mailed out to these 30 students with an acceptance/decline deadline of Feb. 28th. The Honors College Class will be announced on March 1st. $756,000 will be awarded to these students.

Of the thirty students selected as members of the new incoming freshman class, the top twelve will receive the Presidential Scholar Award (total four year package worth $40,000), the next twelve will receive the University Scholar Award (total four year package worth $20,000), and the final six will receive the Crimson and Gold Scholar Award (total four year package worth $6,000).

The Honors College will meet once more to review the process and make any adjustments to try to improve the process.

Writing Across the Curriculum – A number of faculty have submitted to receive the writing to learn best practices grant.
Diversity and Multicultural Affairs – Met on Feb. 14th. The group is working on the survey questions for HLC accreditation using the Diversity Objectives for HLC and PSU. The Committee discussed having Likert style questions over open-ended questions. Questions should be kept to ten questions. It was added that they could also add specific questions asking what people are doing to meet some of the Diversity Objectives. It was suggested that the committee have questions narrowed down by the next meeting (March 20th) and email these to Jason. The goal for the next meeting is to finalize the survey questions.
See full report on following pages

Student-Faculty – Met on Feb. 10th. Reviewed committee bylaws, discussed W/F policy on late withdraw period (withdrawing from the semester as opposed to individual class), clarified the calendar to match the university policy, and discussed dead week policy. Full minutes included below.

Attendees
Jason Reid
Jessica Jorgenson
Browyn Conrad
Deatrea Rose
Tatiana Goris

Motion made to approve minutes from last meeting. Motion carried.

Jason reminded the group we are working on the survey questions for the HLC accreditation. He pointed toward the Diversity Objectives for HLC and PSU. These objectives will help us to frame questions for the survey. Jason pointed out he placed some questions to work on in a Google document. He also added the questions Wei emailed to the group.

Committee discussed having Likert style questions over open-ended questions. Questions should be kept to ten questions. It was added that we could also add specific questions asking what people are doing to meet some of the Diversity Objectives. Committee discussed ways of making the questions more like statements that survey participants can strongly agree or strongly disagree to in a Likert scale format.

Jason suggested having questions narrowed down by the next meeting. We can email Jason our preferred questions from the list we have in the Google document. The goal for the next meeting is to finalize the survey questions.

Next meeting: Friday, March 20 at 1:30pm

- Learning Objective 1: Students will recognize and describe the components of the relationship selling process.
- Learning Objective 2: Students will recognize and describe ethical standards of relationship selling.
- Learning Objective 3: Students will be able to develop value propositions that solve customer problems.
- Learning Objective 4: Students will be able to apply appropriate sales and negotiation tactics.
- Learning Objective 5: Students will be able to recognize and discuss the role of the salesperson and the sales function in the firm.
- Learning Objective 6: Students will acquire enhanced communication and interpersonal skills.
Teaching Methods
This online course requires significant investment of time from you. While I will provide some supplementary information in the form of short videos, you need to thoroughly understand the reading material. To help reinforce your understanding of the readings, I’ll provide assignments and discussions each week.

Canvas
Announcements, assignments, and other resources for your use will be posted on Canvas. Regularly check CANVAS for announcements and assignments. If you are having trouble accessing Canvas, contact Gorilla Geeks: geeks@pittstate.edu or 620.235.4600.

Attendance Policy
Attendance in this course is critical as much class time will be in the form of discussion, role play exercises, and other activities that require your attendance. Additionally, activities that aid in your development as a sales professional and that require your presence will occur outside of class time.

Classroom Conduct
Your learning in this course is dependent upon your efforts. Here are my expectations of you:

♦ Commit to performing the necessary work. You are ultimately responsible for your learning. I expect you to read the readings, do any assigned work, and take exams as scheduled.
♦ Be punctual. Turn in assignments and take tests as scheduled. If you do miss an exam, you may make it up in Week 7. Assignments and discussions may not be made up.
♦ Participate. Use the tools and opportunities I’ve provided for you to grasp the information. Engaging with the materials and your classmates makes the course much more valuable and enjoyable.
♦ Use Canvas. I expect you to interact with our class through Canvas on nearly a daily basis. You will be responsible for participating in discussions actively, and you will work with your classmates collaboratively in acquiring knowledge.
♦ Be professional. This is Masters level course. I expect you to behave as you would in a professional work-setting. For communicating with me and your fellow learners, you should adhere to the following guidelines:
  ♦ Be polite and positive in your emails, discussion posts and responses. You can disagree with someone without being disagreeable.
  ♦ Use proper language, format and grammar. When writing, imagine you are writing for your boss or even your boss’s boss.
  ♦ Be succinct. Your answers should be complete but as short as possible – don’t make me or any other reader read words that don’t add anything.
  ♦ Avoid acronyms, texting abbreviations and most emoticons out of the discussions.
  ♦ Avoid using all-caps in your replies as this is heard as shouting by your reader.
  ♦ Keep the language G-rated.
  ♦ Review your posts for tone, grammar, and spelling.
  ♦ Follow directions in the discussions – partial answers will not receive credit.

Communication
The best way to contact me is through Canvas email or via phone. I aim to respond within 24 hours from Sunday noon-Friday noon. On the weekends, you can expect me to respond within 48 hours (noon Friday-noon Sunday).
Writing and the Writing Center
If you struggle with expressing yourself in writing (my standards for grading writing are below), contact the Writing Center @ PSU, located in AXE Library. This is a free service offered to all Gorillas. Contact them in time to allow you the opportunity to edit your work. They will conduct electronic consultations. Their website is http://www.pittstate.edu/office/writing-center/. I suggest making an appointment early.

Academic Integrity
Academic honesty is fundamental to the activities and principles of a university. Academic integrity can be boiled down to five words:

**YOUR WORK MUST BE YOURS!**

Any effort to gain an advantage not given to all students is dishonest regardless of the success or failure of the effort. Following University guidelines (http://www.pittstate.edu/audiences/current-students/policies/rights-and-responsibilities/academic-misconduct.dot), my response to academic dishonesty will be one of the following:

- You will fail the assignment;
- You will fail the class;
- You will fail the class and your transcript will show an XF, indicating failure due to academic dishonesty.

Additionally, if I suspect widespread dishonesty in the course, I will rescind any extra credit provided and any positive adjustment in exams or other homework for the entire class.

A statement is attached indicating that you understand this policy regarding academic integrity. You must indicate via the Canvas dropbox your agreement with this policy by 01/24/2020

All Pitt State students are bound by the academic integrity policies of the university as described and outlined in the current Syllabus Supplement. Please familiarize yourself with these rules and guidelines. In addition, as a course offered through the Kelce College of Business, students in this class are obligated to adhere to the college’s Student Code of Ethics as outlined below.

Students shall:
- Prepare for and participate in all classes.
- Treat fellow students, staff, faculty and administrators with respect.
- Prepare assignments and exams honestly.
- Avoid plagiarism or unacknowledged appropriation of another’s work in any academic work.
- Refrain from giving or receiving inappropriate assistance.
- Be fair and constructive in the evaluation of faculty.
- Obey the policies, regulations, and laws of the United States of America, The State of Kansas, The Kansas Board of Regents, Pittsburg State University and the Kelce College of Business.

Other information:
Please see the Syllabus Supplement for this semester on Canvas, including critical dates in the University calendar and information about disabilities.
Course Evaluation
You earn your own grade in this course. While I can empathize with issues you may have in your life and will be happy to help where I can, I cannot in fairness to the class consider these issues in grading.

You may appeal grading of an exam or other assignment by providing a reasoned, written appeal. All appeals must be made within a week after the return of the assignment. Your grade may remain the same, improve, or decline. Please appeal only things that are substantive.

Course Components
More information about the specific assignments will be available on Canvas. I’ve provided an overview of each element below.

Role plays 20%
The purpose of these assignments is to provide you with an opportunity to practice specific selling skills. These are individual assignments uploaded to Canvas.

Ride Along 10%
You will accompany a professional salesperson on a ride along and write a report about that experience.

Exams 20%
Exams comprised primarily of objective (multiple choice, T/F, matching) questions. A final comprehensive exam is planned as well. Each exam is due on Saturday. Each exam is time-limited – you’ll typically have 30-45 minutes in which to complete the exam. Each exam must be completed in a single block of time anytime on Thursday, Friday, or Saturday.

Projects 30%
Various projects – group and individual - designed to enhance your skills, knowledge or professionalism comprise this category.

Discussions 15%
Much learning occurs when you discuss ideas with others. These discussions will be both online and in the classroom.

Getting Started 5%
There are a number of administrative assignments, particularly at the beginning and end of the class that fall into this category.

Note: I reserve the right to change to amend and reorganize this syllabus at any time.

IN-CLASS ASSIGNMENTS, COLLABORATIVE WORK, TEAM PROJECT PRESENTATIONS

Teaching Methods

Lecture: Lectures will follow the textbook and Powerpoint slides. The instructor will add material to class lectures through in-class examples. Anything discussed in class is testable material. Take good lecture notes.

Class Exercises and Discussions: There will be multiple in-class exercises that will require small group and class discussion. Students will be expected to actively participate in all class exercises.

Powerpoint: Class lectures utilize Powerpoint slides. You can download the Powerpoint slide deck for each unit through CANVAS. The slide decks provide a general outline of material, definitions of terms, and examples. However, these slides do NOT contain all lecture material you will need to prepare for the exams. You will need to take additional notes!
Guest Speakers: There will be several guest speakers this semester. After attending the class session, students will write a short summary of "lessons learned" from the speaker’s presentation. Each paper will be worth 25 points.

Collaborative Work: Student teams will be created at the beginning of the semester. There will be smaller assignments throughout the semester as well as a major project due at the end of the semester. The collaborative work is intended to enhance and apply course concepts.

Canvas
This course is listed in the CANVAS Learning Management Suite for Pittsburg State University. You may access this system from the PSU Home Page. Please refer to the course site often, especially if you must miss class. Information regarding upcoming assignments, quizzes, due dates, etc. will be posted on Canvas. You can also find all course documents, assignments, and Powerpoint slide decks at this course listing.

Attendance Policy
Class attendance is mandatory. Beginning with the second week of the semester, roll will be taken each day. Students will receive 3 points for each class period attended. There are 25 meeting dates (excluding exam dates) this semester so this will total 75 points. Students must be ON TIME for class in order to be counted present for the day. Each student will be allowed two unexcused absences during the semester. An absence will be excused if a student must miss class due to a school-related function or activity. However, you must inform the instructor BEFORE the missed class period and a written document from your advisor, professor, or coach must accompany this notification in order for your absence to be excused. All other absences are considered unexcused.

If you must miss class, it is your responsibility to obtain any information regarding upcoming assignments, quizzes, due dates, etc. It is also your responsibility to obtain material, lecture notes, etc. so that you will be caught up with class upon your return. The instructor will NOT provide lecture notes or review material to students who miss class. You should obtain this information from a fellow student.

The instructor reserves the right to drop a student from the class for excessive absences.

Classroom Conduct
This course will involve many in-class discussions, group presentations, and guest speakers. Students are expected to conduct themselves in a professional manner. Students are also expected to treat fellow classmates, guest speakers, and the professor with respect and courtesy. The professor reserves the right to deduct attendance points if a student fails to meet this expectation. In severe cases, the student will be asked to leave class and/or be dropped from the course.
Academic Integrity
All Pitt State students are bound by the academic integrity policies of the university as described and outlined in the current Syllabus Supplement. Please familiarize yourself with these rules and guidelines. In addition, as a course offered through the Kelce College of Business, students in this class are obligated to adhere to the college’s Student Code of Ethics as outlined below. Students pledge to:

- Arrive on time, remain until dismissed at all class sessions, and notify instructors in advance of anticipated absences, late arrivals, or early departures whenever possible.
- Turn off cell phones or other electronic devices while in class, unless permission to use them has been granted.
- Refrain from class disturbances.
- Refrain from use of profane or vulgar language in a threatening or disruptive manner.
- Treat fellow students, staff, faculty, administrators, and property with respect.
- Refrain from giving or receiving inappropriate assistance.
- Prepare assignment and exams honestly, refraining from such unacceptable conduct as plagiarism or unacknowledged appropriation of another’s work in any academic work.
- Obey the policies, regulations, and laws of the United States of America, the State of Kansas, The Kansas Board of Regents, Pittsburg State University, and the Gladys A. Kelce College of Business.
- If a student observes someone committing dishonesty in connection with academic work, the student is encouraged to report that dishonesty to the appropriate individual (ex, faculty member, or administrator).

Students with Disabilities
Please inform the instructor if you have a learning or physical disability that interferes with course requirements. Assistance and/or appropriate accommodations may be available through the contacts listed on the current Syllabus Supplement.
Course Evaluation Methods

**INDIVIDUAL WORK:**

1. **Class Attendance Points:** 75 total points possible
   
   (25 class periods X 3 points per class period)

2. **Syllabus Quiz:**
   
   Online Quiz in Canvas; 10 points possible

3. **Exams:**
   
   250 total points possible
   
   (100 points for Exam 1, 75 points for Exam 2, and 75 points for Exam 3). Each exam will consist of True-False, Multiple Choice, short answer, and essay questions. I will try to follow the exam schedule listed earlier as much as possible. You will be given ample notice if any changes to the schedule are necessary.

4. **Brand Storytelling Paper:** 25 total points possible

5. **Best Practices Paper:**
   
   100 total points possible

6. **Lessons Learned Papers:** 25 points per paper, one for each guest speaker. It is my hope to have 3 or 4 guest speakers this semester, so this will add up to **75 to 100 points** or more.

7. **In Class Exercises**
   
   Class attendance is required for these exercises. The number of exercises and the points available will be announced at least one class period ahead of the date the exercise takes place.

**COLLABORATIVE WORK:**

8. **Newsjacking Team Presentation**
   
   50 total points possible

9. **“Battle of the Brands”**
   
   Team Discussion Assignment: 100 total points possible

10. **Team Project:**
    
    300 total points possible

11. **In Class Exercises**
    
    Class attendance is required for these exercises. The number of exercises and the points available will be announced at least one class period ahead of the date the exercise takes place.
Grading Scale:

*The following scale will be used to determine final course grades:*

91%-100% of total points possible = A  
81%-90% of total points possible = B  
71%-80% of total points possible = C  
61%-70% of total points possible = D  
60% and below of total points possible = F

MAKE-UP POLICY:

1. If you must miss an assignment or an exam due to illness, you may make up the work only if the following conditions are met:
   - Notify the instructor of your illness BEFORE the exam, quiz or assignment due date.
   - Provide the instructor with an explanation of your illness written by your medical doctor or Student Health Services.

2. If you must miss an assignment or an exam due to other reasons besides illness (i.e. work, family emergency, school activities, etc.), it is up to the discretion of the instructor as to whether or not you will be allowed to make up the work. You MUST contact the instructor BEFORE the exam, quiz, or assignment due date to gain permission to make up the work. Failure to notify the instructor BEFORE the due date will result in a missed opportunity to make up the work.

3. In the event that you do not follow the guidelines stated above, you may be allowed to make up the work but a grade penalty will be assessed. Standard deductions are as follows:
   - For EXAMS, 10% grade deduction for each day (24 hours) past the original date of the exam
   - FOR ASSIGNMENTS: 50% grade deduction for each day (24 hours) past the original due date of an assignment or quiz

4. All exams must be taken within 48 hours of the regularly scheduled test. After 48 hours, a zero will be recorded for the test score.

*Contact by email is acceptable but until you receive a reply to your email, do not assume that your request has been approved.*

Note
The instructor reserves the right to amend and to reorganize this syllabus at any time.

Proposed Major or Minor/Emphasis/Certificate:
List below, the proposed curriculum as you wish it to appear in the online catalog:
Core Requirements (42 hours)
At the heart of the BBA is the Kelce College Core. The Core
provides students with an integrative experience of the various
business disciplines that allows students to develop a well-rounded
understanding of how business works.
See notes *1
_ ACCTG-201 Financial Accounting (3 hours)
_ ACCTG-202 Managerial Accounting (3 hours)
_ CIS-420 Management Information Systems (3 hours)
_ FIN-326 Business Finance (3 hours)
_ MGT-101 Introduction to Business (3 hours)

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes  ☒ No  If “yes,” please realize that it will need to gain approval of the President’s Council.
   Please give the rationale for additional student fees:

3. Will this revision have specific PittState Pathway courses required? ☐ Yes  ☒ No
   Please realize that this requirement will need to gain approval of the PittState Pathway Committee.

4. Will this revision affect any education majors? ☐ Yes  ☒ No
   If “yes,” please realize that this requirement will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this modification (e.g. staffing, equipment, etc.)?
   None

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines? (minimum of 24 hours) ☐ Yes  ☐ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or meet professional objectives for the student? ☐ Yes  ☐ No

   If “yes,” to both questions, it is the department’s responsibility to send a copy of this legislation form to the Director of Financial Assistance to initiate Department of Education approval.

Notification to COCAO/Kansas Board of Regents (if required):
Date: __________________________

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost’s administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the SharePoint, “Undergraduate Curriculum Legislation” (within the appropriate College folder, “Preliminary Legislation”), to allow for review and questions. Any modifications should be saved as “original file name.version2.docx” and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost’s administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

____________________

Description of Change: Updating to reflect changes in course offerings

Rationale for Change (include changes to curriculum objectives): We've added and removed courses that aren't reflected in the major as it currently sits. Additionally, we've reduced the required credit hours to 15 hours to make it easier for students to achieve this additional credential.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?

□ Yes  ✔ No

Whether a "yes" or "no" response, please provide an explanation:

This is an existing minor at Kelce and uses only Kelce courses

Is this revision related to, and/or may affect, any other department's/college's/unit’s curricula or programs at Pittsburg State University?

□ Yes  ✔ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.

This minor requires only Kelce courses and won't affect any other program

Request for Revision to Curriculum

Revision for: ☑ Major ☐ Minor ☐ Emphasis ☐ Certificate

Department: Engineering Technology College: Technology

Submission Date: 12/05/19 Revision Effective: Fall, 2020 (Year)

Contact Person: David Miller ☑ Faculty member ☐ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Mechanical Engineering Technology

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:
Changing Emphasis name from Electromechanical to Automation

Rationale for Change (include changes to curriculum objectives): Additions of MATH 122, removal of BIOL 113, move of ETECH 296 & BIOL 111/112, name change and course changes to Electromechanical emphasis were at the request of our Industrial Advisory Board. Course name and number changes were due to changes being made by the Electronics program within ETECH. Approved minor to allow non-Automation emphasis students to add Automation minor to their program of study.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
☐ Yes ☑ No

Whether a "yes" or "no" response, please provide an explanation.
Revisions to existing program and do not significantly change the overall major/emphasis.

Is this revision related to, and/or may affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☐ Yes ☑ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
Courses outside the department were already being taken by MECET students and revisions will not significantly alter the student load to courses. Many most of incoming MECET students are ready for Calculus I and will not need MATH 122; the remaining students who need MATH 122 would have been taking it despite it not being an official part of the curriculum, therefore will not represent a significant increase in student load. The new courses and revised emphasis were approved by EET faculty (see attached letter from CP of EET program).

Notification to COCAO/Kansas Board of Regents (if required): Date:

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost’s administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the SharePoint, “Undergraduate Curriculum Legislation” (within the appropriate College folder, “Preliminary Legislation”), to allow for review and questions. Any modifications should be saved as “original file name.version2.docx” and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost’s administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Dave,

As per our conversation, I think that this would be a good path for your electro-mechanical students. This is very similar to our minor in automation. I would suggest titling the emphasis area as Automation or Industrial Automation or something along those lines. I have branded both our emphasis area and our minor as "Automation".

Clark--

We've briefly discussed our IAB's desire to change our current Electromechanical emphasis to one that focuses more on Automation. I wanted to get your thoughts on a course sequence for our majors:

WF Y3 EET 141 Introductory Electronics
SP Y3 EET 244 Logic Circuits
SP Y3 EET 343 Automation 1: Industrial Control (all MECET emphasis areas)
WF Y4 EET 448 Network Systems
WF Y4 EET 443 Automation II: System Integration
SP Y4 EET 543 Automation III: Immersive Experience

In addition to that, they'd all still have 9 hours of Tech Elective that may or may not come from other EET courses.

Contact Person: David Miller  □ Faculty member □ Chair

Title of Proposed Minor/Emphasis/Certificate: Mechanical CAD

Purpose/Justification for Minor/Emphasis/Certificate: To allow non-ETECH majors access to additional training in Computer Aided Design in one or more different software packages. Will include introductions to simulation, and students will have the opportunity to earn internationally-recognized software certifications from software providers.

Is this new minor/emphasis/certificate proposal related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
□ Yes  □ No

Whether a “yes” or “no” response, please provide an explanation. None of the other Regents Universities offers a certificate covering this content.

Is this new minor/emphasis/certificate proposal related to, and/or may affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?
□ Yes  □ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred. Core classes are offered within MECET. Additional elective courses from other departments have been approved by the departments offering the courses (see attached correspondence).

Please complete the Kansas Board of Regent forms located at http://www.kansasregents.org/academic_affairs/new_program_approval and list the proposed curriculum for the minor/emphasis/concentration, in section 3 (III) of the forms. Please input the proposed curriculum as you wish it to appear in the next catalog. If you have any questions about the KBOR forms, please contact the Provost’s administrative officer at x4113.

David,

I would add in GrafoCAD 360 Computer Aided Drafting for Automated Systems. It provides not only CAD, but apply it to CNC, Laser and 3D printing by practicing these different outputs. It would also make the CAD certificate more appealing to the Technology & Engineering Education. Just a suggestion, but would be good to include.

MECET is going to legislate a CAD certificate within our program and I was thinking it would be useful for some students to be able to select from other disciplines as an elective course. Our proposed sequence would be:

- MECET 121 - Engineering Graphics I (3hr)
- MECET 226 - Computer Aided Design (3hr)
- MECET 323 - Advanced Engineering Graphics (3hr)
- And 3 hours from:

  - ETECH 401 – Approved Independent Study (3hr)
  - CM CET 133 – Construction Graphics (3hr)
  - AMMT 226 - CAD Architectural Product Develop (3hr)

I couldn't even begin to guess how many additional students generate for each class, but I doubt it would overwhelm the sections you're currently offering. Would either of you have a problem with me legislating the certificate using your courses as electives?

That would be fine from the School of Construction perspective. You might want to add the CMCET 340 Building Information Modeling (REVIT based).
