Diversity and Multicultural Affairs –
The Diversity & Multicultural Affairs Committee created the Pittsburg State University Diversity Survey which can be seen in the link below:  https://www.surveymonkey.com/r/psu-diversity

On Tuesday April 29th, Dr. Kevin Bracker, sent the survey to faculty by email on behalf of the Diversity & Multicultural Affairs Committee. As of 3pm Apr 29th, 2020 the survey has had 104 responses.

Budget Committee – A committee member asked how PSU uses the meet-and-confer process as part of determining salary raises if any. Doug Ball affirmed that PSU does use the meet-and-confer-process to identify raises for faculty. Mr. Ball mentioned that PSU does not finalize a budget until June, in part so that it can reflect the latest possible information from the meet-and-confer process.

A committee member asked about the $5.3 million Federal CARES Act funds received by PSU. Doug Ball informed the committee that half these funds will be provided directly to students consistent with the requirements of the legislation. The other half of these funds will help to offset some of the additional expenses and lost revenues the University is incurring to date related to COVID-19. Mr. Ball reported that the $5.3 million in Federal funding will not materially impact PSU’s budget for next fiscal year.

Academic Honesty – No report
Academic Affairs Annual Report

When I was elected chair of the Academic Affairs Committee at the start of the 2019-2020 academic year, I was instructed that should the committee be called upon to act on any issues or concerns I, as chair, would be contacted. As of today, May 1, 2020, I have not been contacted to have the committee act on any matters. The other members of the committee are: Barbara McClaskey, Shipra Paul, Brian Moots, Janice Jewett, Gary Wilson, and two students, Lexi Houser and Katie Compton.

Library Services Annual Report

The Library Services Committee met twice during the academic year: September 5, 2019 and January 31, 2020. In the September 5 meeting, Gail Yarick was elected Chair and David Miller was elected Recorder.

In September, Randy Roberts reported on the on-going construction, including Phase IV of the remodel being on track to open in early October, the Library’s involvement in Gorilla Gateway and focus on information literacy, and noted it is the 40th anniversary of the opening of the Axe Library. Jorge Leon reported on 40th anniversary planned celebrations, banned book recognition events, and Degruson Memorial lecture series. The committee took a brief tour of the 1st floor remodeling project.

In January, Randy Roberts updated the committee on the Library’s remodel, Academic Computer Lab study grant, rpk Group report, and the search for a librarian:

- 4 consecutive summers of remodel
  - Currently wrapping up Phase 4 with Crossland. Still some issues with Phase 3 items (lower level doors & windows have water issues)
  - 5th Phase in upcoming summer. Drawings done, need to be approved. Try to start project end of Spring.
  - Last planned phase at this time
- Academic Computer Lab Study Grant
  - Impact all colleges & library
  - Report stated 997 computers on campus; recommended to eliminate 684, leaving 313 across all colleges & library. 62 labs identified; recommended eliminate 27, leaving 35
  - Response went to provost & deans last week. Proposed eliminating 311 to be eliminated (leave 686). Identified 9 labs to be eliminated (leave 53)
- rpk GROUP Report
  - Final report did not assess Library Services dollars in depth.
- Searching for another librarian
  - Digital Resources & Initiatives search. Small pool with viable candidate who declined. Suspended search until budget comes out
  - Searching for Reference Instruction position. 3 candidates coming within next 2 weeks

Jorge Leon also gave an update on Gorilla Gateway and plans/tweaks moving forward to make the process better and improve some technical issues with Credo.

The Committee reviewed the Constitution and determined no changes were needed.

Ruth Monnier provided an overview many upcoming events at the Library.

Randy Roberts requested any requests or thoughts about how Library Services can help should be brought to his attention.
Online and Distance Learning Committee Annual Report

The Pittsburg State University Online and Distance Learning Committee was active for the 2019-2020 academic year. Committee members held their initial meeting in early September, where we discussed the importance of growing online education at Pittsburg State University.

Early in the fall semester, Dr. Shawnee Hendershot and Dr. Kristi Frisbee lead a discussion on the recommendations from the RPK prototype team to help guide the committee. Key elements included:

1. Consistent online branding – Pittstate Online
2. Pittstate Online landing page with easy access to student resources
3. Promoting online programs

The committee met monthly to continue focusing on how PSU can improve online education for both faculty and students. Follow-up meetings identified the importance of growing the number of online programs at PSU. Developing a fully online undergraduate degree could be an area to consider for growth. For this to be a success, the committee recommends considering the development of a strategic plan for online and distance learning.

The faculty members on the committee for 2019-2020 included: Dr. Pawan Kahol, Dr. Brenda Frieden, Ms. Barbara Pope (Recorder), Dr. Kristi Stuck, Dr. Kristi Frisbee, Dr. June Freund, and Ms. Krissy Lewis (Chair). Students on this committee included: Ms. Amber Hames and Ms. Lexi Houser.

The committee would like to thank B B Stotts and Janelle Williams for their time and willingness to provide meaningful and relevant updates regarding the Pittstate Online landing page. Thank you for your continued efforts and support of the mission.

Academic Honors Committee Annual Report

This past year, in addition to reviewing the Academic Honors Applications for our respective colleges and chairing those committees, the PSU Academic Honors Committee also discussed and worked closely with the Registrar’s Office to expedite the process among the individuals involved including the Academic Honors Committee, the College Committees, the Registrar’s Office and the students. The following outlines the process implemented:

1-The applications are scanned and e-mailed to the Committee Chair and they are distributed to each College Chair.

2-After the college committees have completed their work, they send an email or memo to Jeanette (Registrar’s Office) stating clearly the applications that have been approved as is, as well as a listing of those whose projects require edits and specifically what edits are needed for resubmission. The Registrar’s Office then notifies the student.

3-If the revision includes an entirely new project and the committee requests new signatures from the faculty and chair, it is to be notated in the comments. If that is not notated, Jeanette will simply use the signatures from the first submission when it is revised and resubmitted. Editorial revisions should not
require new signatures—only those projects that are significantly different from the original project submission should require new signatures.

In addition, the Committee met via e-mail to discuss important changes in policy for the current semester due to the cancellation of face-to-face classes. This information was communicated to the students on March 19, 2020.

The PSU Academic Honors Committee has determined that Academic Honors Projects already approved and scheduled to be completed this semester may need to be presented in a different format and/or modified due to the fact that classes are not meeting face-to-face and all campus events are cancelled for the remainder of the semester. For example, those projects that required an oral presentation may need to be presented in a different format either through a video presentation or a research paper. In such cases, the committee advises students to contact their Academic Honors Professor as soon as possible to determine if any changes to the approved plan are necessary and, if so, to discuss the best alternative for their project. As long as the Academic Honors Professor approves of the changes in format and delivery, then no other approvals for the change will be necessary and the student may proceed as planned.

Members of the Academic Honors Committee for 2019-2020 included Connie Shum, Shawnee Hendershot (Fall, 2019), John Daley (Spring, 2020), Cliff Morris, Daniel Zurek, Craig Fuchs and Janice Jewett.

Honors College Annual Report

Honors College Committee members were Susan Carlson, Jan Schiefelbein, Rebeca Book, Michelle Hudiberg, Michael Davidsson, Craig Fuchs, and students – Chris Wernimont and Danielle Rakestraw.

The committee met on Sept. 26th and elected Rebeca Book as president and Michelle Hudiburg as recorder/secretary. Reviewed the time schedule for the committee and the assignments.

Discussed the push to increase the number of applicants and also the diversity if possible. Also discussed the process of admission to Honors College. Options of adding a portfolio or possible video so a student’s interests may be better highlighted. Dr. Fuchs will look at other universities where videos are used in the process, but it will not be added this year for PSU.

At the Dec. 3rd meeting discussed the selection timeline and how the selection process works. Discussed about the submission process, essay prompts, and if there should be additional interview questions.

Honors College met on Sunday, Feb. 9th to interview possible candidates for the PSU Honors College. A total of 44 possible candidates were invited to the interview day after cutting applicants down from 58 candidates, which is the highest number since 2017. The average of applicants for the past eleven years is 66.

On interview day there were four people in each room interviewing the applicant consisting of a committee member, current Honors College students, and Honors College alumni. Interview consists of standard list of questions for all applicants and a rubric is used for scoring. Based on the outcome from the preliminary screening and the interview, the candidates were narrowed down to the final 30 and the Honors College Class was announced on March 1rst.
Had a recap meeting on Feb. 18th. At the meeting approved to have two essay questions on the application during the next round. One essay question will be academic and the other personal, with 300 word limits each.

Other changes will be that applications will be totally online. Reference recommendations must include the rubric and an uploaded reference letter. It will become policy that in the event that there is a faculty member assigned to this committee who happens to have a member of their immediate family making application, they must recuse themselves from the committee for that academic year.

Possible revisions and things to discuss in the future are interview questions, inclusion of faculty teaching honors to be included on interview panels, practice of limiting of how many places a student can drop in the overall matrix based on interview score and mandating of specific course requirements for application.

Writing Across the Curriculum Annual Report

The Pittsburg State University Writing Across the Curriculum Committee reviewed 82 submissions for the writing to learn best practices grant and passed those on to the provost for approval. We held one meeting in the fall to review the evaluation process and the responsibilities of the committee. We also discussed a suggestion made by Heather Eckstein concerning the writing to learn requirements and transfer students who had already met many of the Pathway requirements and had relatively few upper level writing to learn electives to choose from. No action was made on the suggestion.

The faculty members on the committee for 2019-2020 included: Mr. Mike Elder, Dr. Rick Hardy, Mr. Jorge Leon (recorder), Dr. Anuradha Ghosh, Ms. Debbi Fischer, Dr. Janet Zepernick, Dr. Jessica Jorgenson Borchert, and Dr. Alex Binder (Chair). The student on this committee was Ms. Bralyn Wilson.

Diversity and Multicultural Affairs Committee Annual Report

The Diversity & Multicultural Affairs Committee created the Pittsburg State University Diversity Survey which can be seen in the link below:

- https://www.surveymonkey.com/r/psu-diversity

On Tuesday April 29th, Dr. Kevin Bracker, sent the survey to faculty by email on behalf of the Diversity & Multicultural Affairs Committee. As of 3pm Apr 29th, 2020 the survey has had 104 responses.

The results from these questions will be used to provide supporting documentation for Pittsburg State University’s upcoming Higher Learning Commission (HLC) Accreditation.

---

The Survey Questions were derived directly from the Official HLC & PSU Objectives below which were found in:

1. Pittsburg State University Pathway to Prominence Strategic Plan.
2. The Higher Learning Commission Policy Page
Official HLC & PSU Objectives

- **HLC 01**: The institution understands the relationship between its mission and the diversity of society.
- **HLC 02**: The institution addresses its role in a multicultural society.
- **HLC 03**: The institution's processes and activities reflect attention to human diversity as appropriate within its mission and for the constituencies it serves.
- **HLC 04**: The education offered by the institution recognizes the human and cultural diversity of the world in which students live and work.
- **PSU 01**: Foster a diverse and international campus culture among faculty, staff, and students that supports an understanding and acceptance of a variety of ideas, beliefs, and cultures, thereby creating opportunity for all.
- **PSU 02**: Create and support an inclusive program of faculty development using a diversity of methods, including technology.
- **PSU 03**: Cultivate a diverse campus culture of respect, understanding, and awareness.

**Student Faculty Committee Annual Report**

The Student-Faculty Committee met in person one time and virtually over several weeks during the 2019-2020 academic year. The committee had the following membership: Faculty members – Daniel Maxwell (chair, COT), Nico Prelogar (COT), Gail Yarick (COB), Andrea McConnaughey (COT), Tracy Stahl (CAS), Hazel Coltharp (CAS); Student members – Seth George (SGA president), Camille Holman (SGA vice president), Katie Compton, Summer Mackey; Ex-Officio members – Melinda Roelfs (Registrar), Jason Kegler (Assistant Vice President for Student Life).

No violations of Dead Week policy or other policies have been reported to date. The committee took up two matters of business. The first was a request by a faculty member to review apparent discrepancies between the catalog and the schedule regarding the ability of a faculty member to grant an F to a student who withdraws completely from the university after the 12th week deadline. The registrar agreed to add text to the schedule so that is corresponds to the catalog, affirming that ability.

The second item was a request by the SGA to review and pass on to the faculty senate a proposal regarding PSU dead week policy. This was discussed by the committee through a discussion board (due to COVID-19 restrictions) and via teleconferencing. Some suggestions were made, and a revised proposal was approved by vote without dissent. The motion was made to the faculty senate at the April 27, 2020 meeting that this proposal be adopted. The proposal as originally made is attached.

**All University Committee Annual Report**

The All University Committee only meets when there is an extracurricular matter having campus-wide effects. The committee has not had any matters brought to them during this 2019-2020 academic year, so we did not meet.

**Constitution Committee Annual Report**
As for the year-end report for the FS Constitution Committee, the only item of business we took up officially which was the issue of first and second readings for items brought to the Senate. In August, we met and recommended to the Senate that "On behalf of the Constitution Committee, we recommend that the FS establish a policy that any new business item brought to the senate without prior committee review be placed on first reading and will go on the agenda as a second reading at the next scheduled FS meeting." The motion was adopted by the Senate.

Pitt State Pathway Annual Report

The Pittstate Pathway Committee received applications from 6 new courses for consideration into the Pittstate Pathway. Five courses were approved and passed along to the Senate for final approval. One course remains in review. In the Spring 2020 semester, the committee was charged with evaluating the elements included in the Gorilla Gateway course. The committee chose to work with First Year Programs and the Director of Assessment to evaluate and redesign the elements and assessed criteria for the course and the Pathway itself, as needed based on feedback data.

Budget Committee Annual Report

The Pittsburg State University Faculty Senate Budget Committee was active during the 2019-2020 academic year. During this academic year, committee members communicated via email.

After information re: the budget was shared by Doug Ball in Fall 2019 it was shared with members of the committee. In December 2019 Doug Ball responded to a FS member’s question as to how $2.1 million in restorative funding is being allocated.

After information re: the budget was shared by Doug Ball in Spring 2020 it was shared with members of the committee. In May 2020 Doug Ball responded to a committee member’s question as to how $5.3 million in funding from the federal government through the CARES Act is being allocated.

Members on the committee for 2019-2020 included: Dr. John Franklin, Lori Martin (MFA), Mr. Steve Polley, Mr. Joel Shay, Dr. Cole Shewmake, and Dr. Linden Dalecki (Chair).

Throughout the year, this committee relied on the responses of Mr. Doug Ball (Chief Financial Officer & Vice President for Administration). Mr. Ball’s responsiveness helped this committee in all cases, and his assistance was appreciated.

Academic Honesty Committee Annual Report

The Pittsburg State University Academic Honesty Committee had a relatively uneventful year for the 2019-2020 academic year. A total of twelve tracking reports of academic misconduct were filed by faculty members using the Maxient system. There were no reported violations of academic misconduct requiring a hearing.

The faculty members on the committee for 2019-2020 included: Dr. Jonathan Dresner, Dr. Janice Jewett, Dr. Cole Shewmake (Chair), Dr. Jennifer Harris, Dr. Mary Jo Goedeke, and Dr. James McBain. Students on this committee included: Mr. Seth George, Ms. Camille Holman, Ms. Kelsey Colwell.
Dr. Jason Kegler, Assistant Vice President for Student Life passed along academic honesty violations to Dr. Cole Shewmake (Chair) as they were reported.

Dead Week Policy

The last week of classes during the fall and spring semesters has been designated Dead Week by the Student Body of Pittsburg State University through the Student Government Association. The intent is to provide students with designated time for review and preparation for final examinations. All student organizations are strongly discouraged from holding meetings or events for purposes other than studying during this week. For academic programs, the last week of classes is considered to be a normal week in the semester subject to the following guidelines:

A. No tests or major assignments will be presented during the week prior to final examination week, unless identified in the course syllabus presented at the start of the semester. Major assignments are defined as those worth 10% or more of the course grade or those worth enough points that their omission would cause a full letter grade drop in a student's grade. Major assignments include, but are not limited to, major research papers, projects, term papers and lab reports.

B. Any assignments must be due prior to the beginning of finals week unless they will count as part of the final.

C. Minimal new material should be presented in the last class session before finals week. Any examinations given on this day must count as part of the final examination.

D. Although the phrase “subject to change” may be used in the syllabi, all changes with regard to dead week and final exams should be finalized prior to week eight of the semester.

Instructors are reminded that students are enrolled in several courses each semester, and widespread violations of these guidelines can place unreasonable stresses on students and cause them to perform well below their normal ability on final examinations.

Students are reminded that they have a responsibility to study in a judicious fashion throughout the entire semester in preparation for final examinations.

Dead Week Violations

If an instructor is believed to be in violation of the above policy, the following procedure is to be followed.

1. Any student(s) who feel(s) that a dead week violation meeting the criteria above has transpired may contact the Academic Affairs Director of the Student Government Association. The student(s) may be asked to submit their name(s), student id number(s), course title, course section, course professor, a course outline/syllabus, an explanation of the violation, and any other information pertinent to the alleged violation. Once all information has been gathered the Academic Affairs Director will disclose the information as confidential.
2. Once all the appropriate information has been gathered in a timely manner, the Academic Affairs Director will contact the chair of the Student-Faculty Committee to notify them of the violation. The purpose of this discussion is to make sure there is a violation at hand. Only after both parties agree that there is a violation the Academic Affairs Director can proceed to the next step. If the Academic Affairs Director has a conflict of interest they can assign a delegate to continue the process.

3. After notifying the chair of the committee, the Academic Affairs Director/delegate will then contact the faculty member who is believed to be in violation. The Academic Affairs Director/delegate will notify the faculty member of the alleged violation, while maintaining student confidentiality, and will gather further information from the professor. Information gathered could include a course syllabus, course grading procedure, and information about the violation, which shall include an overview of the assignment, points possible, etc . . . The Student-Faculty Chairperson may also confer with the faculty member.

4. After consulting with the faculty member, the Academic Affairs Director/delegate shall contact the Student-Faculty Chairperson and confer on the violation. They will need to confirm that a violation has occurred based on discussions with the faculty member. If a violation exists, a resolution recommended by the faculty member, the Academic Affairs Director/delegate or the Student-Faculty Chairperson may be offered. Remedies may include throwing out the assignment or counting it as extra credit. If the faculty member and the Academic Affairs Director/delegate agree on a resolution, it is considered resolved. If they do not agree on any resolutions, the Student-Faculty Committee will meet to determine a resolution. In such an instance, the Academic Affairs Director/delegate will act as an intermediary for the students.

5. Once the violation is resolved, the Academic Affairs Director/delegate will complete a report on the violation, which details the violation and its resolution for future reference. The identity of the student(s) will continue to remain confidential even after this process is complete.

6. If a student(s) feels they have received an unjustifiable grade as a result of the process, the student(s) will have to follow the grade appeal process as outlined in the Student Code of Rights and Responsibilities.

Name of Existing Major or Minor/Emphasis/Certificate:  Media Production

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

Description of Change:  ☑ Remove COMM 637 Online Journalism from the emphasis requirements.
☒ Add COMM 575 Broadcast Journalism and COMM 733 Independent Video Production to the emphasis requirements.

Rationale for Change (include changes to curriculum objectives):  ☑ The content of COMM 637 Online Journalism is not
in line with needed market skills for a Media Production student and should be removed. COMM 575 Broadcast
Journalism (essential for both Multimedia Journalism and Media Production emphases) and COMM 733 Independent
Video Production are much more in line with skills needed for a student graduating with a Media Production emphasis.
These two classes were listed as "select one" and we would like to make both a requirement after removing COMM 637.
All courses are three hours so the number of hours to complete the emphasis would remain unchanged.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent
university?  ☐ Yes  ☑ No

Whether a "yes" or "no" response, please provide an explanation.
The emphasis change is simply deleting a course that we feel does not reflect the needed skills of the job market in this
area and adding two more courses which were already included in a "select one" box.

Is this revision related to, and/or may affect, any other department's/college's/unit's curricula or programs at
Pittsburg State University?  ☐ Yes  ☑ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies
of e-mails, memos, etc.) that have occurred.
The emphasis change was proposed by Dr. Troy Comeau, Director of Media Production, in a Department meeting on
2/8/20 and voted on by a unanimous vote of the unit faculty.

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

Description of Change: Com 637 Online Journalism changes to Com 637 Contemporary Journalism with expanded
course content (see Com 637 course revision form for details). Com 575 Broadcast Journalism moves from an elective to
a required class. Com 733 Independent Video Production is not a journalism class and is removed from this emphasis (it
remains in the Media Production emphasis and journalism students can still take it as a Communication elective).

Rationale for Change (include changes to curriculum objectives): These changes are needed to give students the
knowledge/skills they need to be successful multimedia journalists, able to produce content across a variety of mass
media.

Is this new course proposal related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?

Yes No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred. Could potentially increase the enrollment in FIN 210.

Proposed Course:
Course Number: 530

Title of Course: Family Financial Planning and Education

Credit Hours: 3

Date first offered: 2021 Fall Spring Summer (Semester/Year) (check all that apply)

Prerequisite: FCS 230

Course Description (as it will appear in the next catalog): An in-depth view of personal and family financial planning emphasizing the financial planning process as well as financial educational strategies. Concepts include communicating about money, educational strategies when working with families, savings and cash flow management, insurance, investments, taxes, estate planning, and use of credit. This course prepares students to take the competency exam for the Certified Personal & Family Finance Educator credentialing through the American Association of Family and Consumer Sciences. Prerequisite: FCS 230 Consumer Education and Personal Finance or FIN 210 Financial Planning.

Purpose/Justification for Proposed Course: The need for this course is three fold. Students in the Community and Family Services (CFS) emphasis area seek careers serving to strengthen families and the community. Financial capability is still a high level need. The National Financial Capability Study (NFCS) conducted by the Financial Industry Regulatory Authority (FINRA) in 2009, 2012, 2015, and again in 2018 found that Americans demonstrate relatively low levels of financial literacy and have difficulty applying financial decision-making skills to real life situations. In the 2018 study, participants were asked six questions covering aspects of economics and finance encountered in everyday life. No complex calculations were required. “Only 7% of respondents are able to answer all six questions correctly, and only 40% are able to answer at least four questions correctly, down slightly from 44% in 2015. Looking at only the five questions that have been asked in the NFCS since 2009, we see a clear trend of declining financial literacy over the past nine years.” Individuals need at least a fundamental level of financial understanding. This knowledge, paired with financial decision-making skills, can best ensure an individual’s financial capability. This course enables CFS emphasis students to bring financial education to the families and communities they serve. Secondly, this course will allow students to take the Certified Personal & Family Finance Educator credentialing through the American Association of Family and Consumer Sciences. Having this knowledge and certification gives CFS emphasis
Objectives/Student Learning Outcomes (as it will appear in the syllabus)
These objectives are from the Domains and Competencies on the C.P.F.E.E. Exam Assessment and Specifications Guide.
- Determine teaching strategies appropriate for content and learners.
- Integrate financial literacy concepts across content areas.
- Assess students’ comprehension of financial literacy outcomes.
- Develop a plan for spending and saving based upon personal and family goals and values.
- Understand the role of communication within the family regarding financial planning and address why some families are reluctant to discuss financial planning.
- Develop a system for keeping and using financial records and legal documents.
- Describe ways to use different payment types, including banking services.
- Apply consumer skills to purchasing decisions.
- Use appropriate mathematical concepts needed to analyze financial decisions.
- Develop a personal or family financial plan (short-term, intermediate, and long-term goals).
- Assess estate and long-term financial planning options.
- Identify personal and family goals related to credit and debt.
- Outline responsibilities as related to obtaining and managing personal and family credit.
- Identify the cost and benefits of various types of credit and the components of a credit record.
- Compare the availability, costs, and benefits of types of loans used to finance a car, education expenses, and housing.
- Describe ways to avoid or correct debt problems.
- Summarize major consumer credit laws, including borrower’s credit report rights.
- Identify common types of risk and basic risk management methods.
- Explain the purpose and importance of property and liability protection as part of individual and family financial planning.
- Explain the purpose and importance of health, disability, and life insurance protection as part of individual and family financial planning.
- Explain the correlation between risk, premium, coverage, and deductibles.
- Differentiate between saving and investment options for meeting various personal and family goals.
- Discuss how saving and investing contribute to financial well-being and goal achievement.
- Critique alternatives for researching, purchasing, and managing saving and investment products.
- Explain how interest rates, taxes, and fees affect the return on savings and investments.
- Understand how agencies that regulate financial markets protect consumers.
- Describe characteristics of commonly used investment products (e.g., stocks and mutual funds).

Assessment Strategies [e.g., exams, projects, university rubric, etc. (as it will appear in the syllabus)]
Assessments will be exam-based to mirror the certification exam. In addition to exams there will be several case studies of individuals and families as well as a final financial plan project.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Total hours required for Minor in Women's and Gender Studies (21 hours).
WGS 500 or WGS 700 may be substituted for WGS 200 or WGS 399 with permission.

*Women's and Gender Studies Electives: Must be selected from at least three different departments, with departments defined to include courses with distinct program designations (e.g., HIST, JUST and SOC). At least 15 of the 21 hours must be completed with courses numbered 300 or above, including WGS 399. Students may receive credit toward both their major and the Women's and Gender Studies minor for no more than one elective. Courses offered at the graduate level are typically available only to those earning the Certificate in Women's and Gender Studies as part of graduate or post-graduate studies. Students should refer to the Women's and Gender Studies link in the on-line course schedule for a complete list of Women's and Gender Studies offerings and electives as additional courses may be offered on a per semester basis. Students should also consult their Women's and Gender Studies advisor or the Director of Women's and Gender Studies.
The Pitt State Pathway requirements consist of 40-41 credit hours of course work. All baccalaureate students must successfully pass these requirements. Courses meeting Pitt State Pathway requirements may also satisfy major, minor, emphasis or program requirements.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   □ Yes  ✗ No  If "yes," please realize that it will need to gain approval of the President's Council.
   Please give the rationale for additional student fees:

3. Will this revision have specific Pitt State Pathway courses required?  ✗ Yes  □ No
   Please realize that this requirement will need to gain approval of the Pitt State Pathway Committee.

4. Will this revision affect any education majors?  □ Yes  ✗ No
   If "yes," please realize that this requirement will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this modification (e.g. staffing, equipment, etc.)?
   None at this time.

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines?
   (minimum of 24 hours)  □ Yes  □ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or
   meet professional objectives for the student?  □ Yes  □ No

   If "yes," to both questions, it is the department's responsibility to send a copy of this legislation form to the
   Director of Financial Assistance to initiate Department of Education approval.

Notification to COCAO/Kansas Board of Regents (if required): Date: _______

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost’s administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the SharePoint, within the appropriate College folder “Preliminary Legislation”, to allow for review and questions. Any modifications should be saved as “original file name.version2.docx” and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and send to your College Admin.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost’s administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Is this revision related to, and/or affect, any other departments/college/unit curricula or programs at
Pittsburg State University?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies
of e-mails, memos, etc.) that have occurred.
This course is only required for accounting majors as an integral part of their preparation to sit for the CPA exam.

Purpose/Justification for Revision to Course: The revision to this course is to add CIS 130 as a prerequisite. In reviewing
the curriculum it was recently discovered that CIS 130 had been inadvertently deleted as a prerequisite. ACCTG 420 and CIS
420 are parallel courses, with nonaccounting business majors taking CIS 420 and accounting majors taking ACCTG 420.
Both should require CIS 130 as a prerequisite. CIS 420 does. ACCTG 420 did previously but it must have been deleted
during an earlier revision.

Existing Course:
Course Number: ACCTG 420

Title of Course: Accounting Information Systems

Credit Hours: 3

Prerequisite: ACCTG 201 Financial Accounting and ACCTG 202 Managerial Accounting AND junior standing.

Course Description (as it appears in the current catalog): An introduction to the systems for recording, summarizing,
classifying and reporting of accounting information to internal and external users. The course explores the relationship
between business processes and transaction processing using a transaction cycle approach. Students are introduced to
expected accounting documents, document flow, and internal control activities. The course includes a systems
understanding aid which simulates an accounting information system.

Is this new course proposal related to, and/or affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?

☐ Yes  ☒ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.

This course will provide an equivalent course to Principles of Management taught at most junior colleges and four-year institutions in the State of Kansas.

Proposed Course:
Course Number: MGT 201

Title of Course: Introduction to Management

Credit Hours: 3

Date first offered: 2020  ☒ Fall  ☐ Spring  ☐ Summer
(Semester/Year)  (check all that apply)

Prerequisite: None

Course Description (as it will appear in the next catalog): Overview of foundational management principles necessary for understanding the basic activities required of managers at every organizational level.

Purpose/Justification for Proposed Course: This course meets the needs of students from across the University most of whom will work in organizations and many of whom will find themselves getting work done with and through other people. Introduction to Management presents a generalized approach to managing people in organizations regardless of the industry or other external context in which the organization is embedded.

Objectives/Student Learning Outcomes (as it will appear in the syllabus)
Upon completion of this course, students will be able to:
Identify the historical perspectives of management theories and their application to contemporary management practices.
Apply business ethics and social responsibility concepts and their importance in managerial decision making.
Describe skills and competencies of effective managers.
Evaluate the major functions of management.
Analyze the internal and external factors that influence an organization.
Describe the influence of globalization on organizations.

Assessment Strategies (e.g., exams, projects, university rubric, etc. as it will appear in the syllabus)
The course grade is based on discussions, tests, and a student class project for a total of 400 points.

Discussions: 50 points
Exams: 300 points

Request for New Course- Revised Summer 2019
Student class project: 50 points

Discussions: Students will participate in ten discussions with 5 points total possible for each discussion for a total of 50 points for the course. Grading for discussion participation is based on evidence of preparation, ability to discuss the topic knowledgeably, and ability to answer questions posed by the class.

Exams:
Exams will consist of 50 2-point multiple choice questions. There will be three exams including the final.

Student class project:
The student class project consists of an oral presentation of 15 minutes examining and evaluating the use of the major functions of management in an organization. This examination and evaluation will be based on information collected in two interviews with a manager. This is not to be an evaluation and assessment of the manager but rather an evaluation and assessment of the use of the functions of management within an organization. Grading of the oral presentation is based on use of an introduction, body of the presentation, and conclusion and a thorough treatment of each of the major functions of management.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Is this new course proposal related to, and/or affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?
□ Yes □ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
No, this is a short course designed as an elective for GIT students to expand their knowledge and interest in a specialty printing process.

Proposed Course:
Course Number: GIT 352

Title of Course: Letterpress Printing
Credit Hours: 1

Date first offered: ZOWF
(Semester/Year) □ Fall □ Spring □ Summer (check all that apply)

Prerequisite: none

Course Description (as it will appear in the next catalog): Basic concepts of letterpress printing including the use of hand-fed and machine-fed letterpress printing equipment. Assembly of printing plates using wood type, metal type and photopolymer plate materials.

Purpose/Justification for Proposed Course: Letterpress (or Relief) Printing was the major printing process taught in the Department of Graphics and Imaging Technologies (formerly Department of Printing). The use of letterpress printing declined greatly with the addition of offset printing. In recent years, letterpress printing has seen a resurgence in popularity among specialty printers, artists and hobbyists. While it's use was declining, the GIT department retained many pieces of letterpress printing equipment and have had a donation of equipment and supplies to our letterpress area. Letterpress printing is briefly covered in the GIT 350 Printing Technologies course. This course will allow more directed hands-on experiences not able to be covered in the GIT 350 course.

Objectives/Student Learning Outcomes (as It will appear in the syllabus)
1. Assemble plates for letterpress printing using wood type, metal type or photopolymer plate material.
2. Produce printed products on hand-fed or machine-fed letterpress printing equipment.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (as it will appear in the syllabus)]
This will be a project based course. Assessment will be through rubrics created for the projects within the course and a written quiz for the course.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   No additional library resources or instructional technology will be needed.

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   □ Yes  ☒ No  If "yes," please realize that it will need to gain approval of the President's Council.

   Please give the rationale for additional student fees:
   NA

3. Is this course to be considered for Pitt State Pathway? □ Yes  ☒ No

   If "yes," please indicate the University’s Pitt State Pathway Goals met by this course AND the assessment data
   that will be collected to measure these goals:

   Please realize that this requirement will need to gain approval of the Pitt State Pathway Committee after it has
   been approved by Faculty Senate as a new course.

4. Will this course be required of any education majors? □ Yes  ☒ No

   If "yes," please realize that this requirement will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this course (e.g. staffing, equipment, etc.)?
   The course will utilize existing materials and equipment within the GIT department. There may be minimal
   additional materials costs associated with this course. These costs (if needed) will be covered through COT Tech
   Fee accounts. Depending on the staffing of this course, there is a possibility of need extra duty compensation to
   staff the course. This is not anticipated though.

Catalog Description: Basic concepts of letterpress printing including the use of hand-fed and machine-fed letterpress printing equipment. Assembly of printing plates using wood type, metal type and photopolymer plate material.

Student Required Resources: No textbooks are required for this class. Any necessary tools or other materials will be supplied during the class.

Course Objectives: Upon completion of GIT 352 Letterpress Printing, the student will be able to:

1. Assemble plates for letterpress printing using wood type, metal type or photopolymer plate material.
2. Produce printed products on hand-fed or machine-fed letterpress printing equipment.

Course Instruction Methods: This is a face-to-face course. Lectures and demonstrations will be used to present technical content. Lab projects will be used to enhance student learning. A written exam will be used to check for student understanding of the materials presented in class. Course materials will be made available on CANVAS.

Student Assessment: Students will be assessed according to the following criteria:

1. Lab Projects (90% of the total grade)
   Lab projects will consist of a variety of projects. Lab projects will be graded based upon meeting acceptable standards as listed in the rubrics. Lab cleanup and proper redistribution of type will be included as part of this grade.

2. Final Exam (10% of the total grade)
   The final exam will be a comprehensive exam.

Grading Scale: A ......................................................... 90 – 100 % of total points possible
               B ......................................................... 80 – 89 %
               C ......................................................... 70 – 79 %

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process.

Originating Department: Please complete this form and upload to the Zimbra Briefcase, "Undergraduate Curriculum Legislation" (within the appropriate College folder, "Preliminary Legislation"), to allow for review and questions. Any modifications should be saved as "original file name.version2.docx" (e.g. MATH 343.version 2.docx) and uploaded as well.

Please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Please Note: This is a 2-3 month process, at least, and is designed to eliminate questions and concerns at the beginning of the process. Any questions/concerns not addressed prior to the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process.

Request for Revision to Curriculum

Revision for:  ☒ Major  ☐ Minor  ☐ Emphasis  ☐ Certificate

Department: TWL  College: Technology  This program is to be offered 50% or more online as a Hybrid□  This program is to be offered fully online□

Submission Date: 12/6/19  (Year)  Revision Effective: Fall, 2020

Contact Person: Byron McKay  ☒ Faculty member  ☐ Chair

Name of Existing Major or Minor/Emphasis/Certificate: BS Ed Technology & Engineering Education

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

Description of Change: 1. Add a customizable technical specialization sequence (emphasis) which needs chair approval
2. Reflect name/credit hour change to major courses.
3. Add EDUC370- Organization and Management for the Middle & Secondary Classroom.
4. Add Pathway requirements to document

Rationale for Change (include changes to curriculum objectives): 1. Adding a customizable emphasis better serves T&EE majors by allowing them to obtain an emphasis in an area specific to their interests or their completed coursework. Under KSDE, licensure inT&EE is proper credentials for over 100 subject areas.
2. Course changes are approved or in legislation to be changed. TE496, TE479, GT370, TE579
3. Some elements were removed from TE496 which allowed it to be moved to a 2 credit hour course, and those elements are covered in EDUC370, along with other content believed to be valuable to our students.
4. Program guide needs to reflect 120 hour requirement.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
□ Yes  ☒ No

Whether a “yes” or “no” response, please provide an explanation.
These changes only effect T&EE majors

Is this revision related to, and/or may affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
□ Yes  ☒ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
These changes only effect T&EE majors
