Faculty Senate Academic Honors Changes:

Bylaws Description:

Departmental Academic Honors Committee. This committee shall consist of eight members (five faculty and three students). This committee shall consist of seven faculty members. The five faculty members shall be from departments participating in the departmental academic honors program with one from the College of Education, one from the College of Technology, one from the College of Business and two from the College of Arts and Science, including one member representing the departments of natural sciences (physics, chemistry, biology, mathematics and nursing) and one from one of the other departments in the college of Arts and Sciences. The three students shall be eligible to participate in the departmental honors program. When possible and filled in a timely manner by the Student Government Association, two students who are eligible to participate in the Academic Honors Program shall also be included in the committee membership. The Director of Honors College and the Vice President for Academic Affairs shall serve as ex officio members. (Amended 5/9/11). The committee responsibilities include:

1. Faculty members of the Faculty Senate Departmental Academic Honors Committee would serve as the Chair/Co-Chairs of the College Departmental Academic Honors Committee and would report back to the Faculty Senate Committee as appropriate. Each College will create a College Departmental Academic Honors Committee whose responsibility it is to develop clearly defined standards and guidelines for Departmental Academic Honors Projects within their disciplines, and to review all student applications submitted to ensure quality and rigor of the projects proposed. (Amendment as of 4/23/12 begins here) For the Colleges of Business, Education and Technology, the committee will consist of one representative from each department. Within the College of Arts and Sciences, there will be separate committees representing departments considered as Arts and those considered as Sciences. Each committee will also include two students appointed by the Student Senate. Committee representatives will be selected by the departments.

2. The Faculty Senate Departmental Academic Honors Committee will address any student concerns voiced with regard to projects that were denied or sent back for modifications, if the student so choose to bring it forth.

3. The Faculty Senate Departmental Academic Honors Committee will review and act upon any proposals for new courses to be added as “may be taken for honors.” (Concludes amendment of 4/23/12)

4. Make certain that departmental courses designed for honors meet the general standards set forth in the institutional policy statement creating the student honors program. Uphold the integrity of the guidelines of each department/college through the review of applications.

5. Recommend to the vice president of academic affairs those students who are to receive honors.
6. Propose modifications in the honors program to the Senate as the need arises. (Amended 5/15/89)

Faculty Senate Website Description Update: (This should mirror the description in the constitution except for the committee duties)

Composition: This committee shall consist of five faculty members. The five faculty members shall be from departments participating in the departmental academic honors program with one from the College of Education, one from the College of Technology, one from the College of Business and two from the College of Arts and Science, including one member representing the departments of natural sciences (physics, chemistry, biology, mathematics and nursing) and one from one of the other departments in the college of Arts and Sciences. When possible and filled in a timely manner by the Student Government Association, two students who are eligible to participate in the Academic Honors Program shall also be included in the committee membership. The Director of Honors College and the Vice President for Academic Affairs shall serve as ex officio members.

Information to add to the Appointment letters sent to faculty

Each member of this committee is the chairperson for their respective college. As the chair of the college committee you will need to contact the Dean of your college immediately to determine the members of the college level Academic Honors Committee. Below is a working order for the committee.

1. Appointment letters sent to University Level Committee members. These committee members are the chairpersons for their respective colleges.

2. Committee members each contact prospective Dean's for a list of members for the College level committee. Arts & Sciences will have two committees, one for natural sciences and one for all other departments.

3. Students must return their finished applications to the Registrars office by the Monday of the 3rd full week of classes.

4. University Committee members should have a meeting scheduled with their College level committee members for the fourth week of classes in order to review the applications. The members should approve or deny the applications based upon the general criteria set forth on the Registrars website for Academic Honors as well as specific criteria for each department, and return them to the Registrars office within one week of receiving the applications.

This is what we had visited about. No problems and we wish them well. Some of our students will probably want to take it.

Thanks,
John

Dr. Oppliger,

Please see the email chain below. Our meeting for the undergrad curriculum committee is this Wednesday. I'm guessing your department has no issue with the proposal from Kelce, but I wanted to check nonetheless.

Hi Marc,

Contact the chair, John Oppliger, who would be able to assist with your request. On behalf of the HHPR department, thanks for checking on this.

Take care,

Jim

Dr. Truelove,

I wasn’t sure who to contact over in HHPR, but there is a course proposal on the books in Business. It’s called a proposal for a course named "Sports Marketing" and I just wanted to make sure the title and what’s offered in the course would be acceptable to the HHPR department. Find attached a screenshot of the relevant portion of the proposal document.

Request for Revision to Curriculum

Revision for: □ Major □ Minor □ Emphasis ☑ Certificate

Department: Economics, Finance and Banking □ College: Kelce College of Business

Submission Date: 10-26-2017 □ Revision Effective: Fall, 2018 (Year)

Contact Person: Kevin Bracker ☑ Faculty member □ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Kansas Insurance Certificate

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

N/A

Description of Change: Changing the categories for course requirements

Rationale for Change (Include changes to curriculum objectives): As structured, the Kansas Insurance Certificate program requires students to take at least one online course from another university. In discussions with multiple students, this is a significant roadblock to students electing to pursue the certificate both from a financial perspective and an administrative perspective. While the restructuring will leave open the possibility for students to pursue such a course from another campus if it fits their plan, it will eliminate the requirement to do so. We believe that this will increase the attractiveness of the Certificate and lead to greater enrollment while still meeting the goals of the program.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?

□ Yes ☑ No

Whether a “yes” or “no” response, please provide an explanation.

While the Kansas Insurance Certificate program is offered across Regent universities, the programs allow other universities to use related courses but do not require any specific courses. Changing the requirements of our certificate program will not impact the requirements or offerings of any other Regent university participating in the program.

Is this revision related to, and/or may affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?

□ Yes ☑ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.

While the list of courses that students can choose from in the Certificate program include courses from outside the department and outside the college, these courses are electives within the program. We are also not asking for any changes in prerequisites or course requirements related to these courses.

Notification to COCAO/Kansas Board of Regents (if required): Date:

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost's administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, "Undergraduate Curriculum Legislation" (within the appropriate College folder, "Preliminary Legislation"), to allow for review and questions. Any modifications should be saved as "original file name.version2.docx" and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost’s administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Department: School of Construction  College: Technology

Submission Date: 12.1.2017  Revision Effective: Fall, 2018 (Year)

Contact Person: Otter  [ ] Faculty member  [x] Chair

Name of Existing Major or Minor/Emphasis/Certificate: Major in Construction Management with a Building Information Modeling (BIM) emphasis

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change: no change to name

Description of Change: Change two of the emphasis courses - remove GIT 334 and GT 530 and replace with CM CET 650 and CM CET 795 Special Topics: Laser Scanning.

Rationale for Change (include changes to curriculum objectives): The two GIT courses do not meet the objectives of the BIM emphasis relative to construction applications. The two proposed courses cover BIM related content and software more appropriate for the BIM environment.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
[ ] Yes  [x] No

Whether a “yes” or “no” response, please provide an explanation.
These changes will only impact the Construction Management degree at PSU. The only department that might see a slight change will be the Graphics and Imaging department, providers of the original two emphasis courses.

Is this revision related to, and/or may affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?
[ ] Yes  [ ] No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
No other department will be impacted by these changes except the GIT department. I visited with the GIT Chair, Barry Wilson, and he did not have any issue with the changes. His comment - "You have to do what is best for your curriculum".

Department: School of Construction  College: Technology

Submission Date: 12.1.2017  Revision Effective: Fall, 2018 (Year)

Contact Person: Otter  ☑ Faculty member  ☐ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Major in Environmental and Safety Management

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change: no change to name

Description of Change: Change two of the required general education courses to allow other options. First change the Support course requirement of CHEM 215/216 General Chemistry + lab to include or "CHEM 105/106". Second replace the requirement for PHIL 105 to include any of the philosophy general education courses rather than just one.

Rationale for Change (include changes to curriculum objectives): The restrictions on support courses and general education courses cause a bottleneck when courses are not available. Many of the ESM students have Intr to Chem or equivalent if they are transfers. Providing additional options to meet the Philosophy general education requirement is less restrictive and provides additional courses for students to select.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?

☐ Yes  ☑ No

Whether a “yes” or “no” response, please provide an explanation. These changes will only impact the ESM major at PSU.

Is this revision related to, and/or may affect, any other department’s/college’s/unit’s curricula or programs at Pittsburg State University?

☐ Yes  ☑ No

Whether a “yes” or “no” response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.

No other department will be impacted by these changes except the ESM program. I contacted the Chemistry chair, Dr. Dvornic, and informed him that we wanted to add the option of Intro to Chemistry to our ESM program. He did not have any concerns as long as one chemistry course was required. Since the university general education requirement for Philosophy courses allows multiple choices and since the ESM faculty elected to change their requirements to allow additional PHIL courses beyond the 105 class, we did not think it was necessary to get any approvals. We did contact Dr. Bonnekessen in History, Philosophy and Social Science and she has no problem with the change.

Notification to COCAO/Kansas Board of Regents (if required): Date: __________

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost’s administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, “Undergraduate Curriculum Legislation” (within the appropriate College folder, “Preliminary Legislation”), to allow for review and questions. Any modifications should be saved as “original file name.version2.docx” and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost’s administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.
