Definition of a Minor

(Currently not found in the catalog – suggest adding to Academic Regulations section)

Minors at Pittsburg State University may range from 15 to 24 credit hours. When selected to accompany a degree that requires a minor there must be at least 9 unique credit hours in the minor that are not found in the student's major in order to meet graduation requirements. In instances where the major requires a minor (not the degree type), academic departments may specify minors that best achieve the learning objective for their students.

Justification for this change – Provost Leadership recently met to agree upon 15 hours for the minimum number of hours and ratified the need for 9 unique hours. BOR policy requires that no minor exceed 24 hours. Provost leadership agreed that this needed to be stated in PSU policy as well. The registrar has contacted the 8 departments who currently offer minors that exceed 24 hours asking that they introduce legislation to comply with existing BOR policy.

Definition of an Emphasis

(Currently not found in the PSU catalog – wish to add under Academic Regulations section)

Area of Emphasis is a specific subject area that exists within an approved degree program and major. At Pittsburg State University a minimum of 12 credit hours and no more than 24 credit hours are expected for an area of emphasis in a baccalaureate degree program.

Justification – although the KBOR form for creating minors emphasis/concentrations and certificates does denote the requirement of 24 credit hours or less, it does not set the minimum credit hours. We currently have existing emphases with as few as 12 credit hours.

Definition of Certificate Program

(Currently not found in the PSU catalog – wish to add under Academic Regulations section)

A certificate program can be undergraduate or graduate in course content and provides a specific body of knowledge for personal or career development or professional continuing education. Certificates may be taken while also pursuing a degree or independent from any other studies at Pittsburg State University. It is recommended that if the student is only pursuing a certificate and not in conjunction with a degree and wishes to apply for federal financial assistance that the individual visit with personnel in our Student Financial Assistance Office regarding the eligibility for aid for the certificate of interest. At Pittsburg State University a certificate can range from 12 credit to 24 credit hours.

Justification – although the KBOR form for creating a certificate denotes the certificate should be 24 credit hours or less, it does not set the minimum credit hour. We currently have existing certificates with as few as 12 credit hours and none exceeding 24 credit hours.

Proposed Amendments to the Faculty Senate Bylaws, April 2018

It is moved to amend the PSU Faculty Senate Bylaws Article IV, Article A, by deleting Section 4. Information Systems Committee.

Rationale:

- *There will be four faculty representatives on the ITC with one being from each of the Colleges.*
- *Each member will be on a 2 year term.*
- *At least one of the four representatives will be from Faculty Senate and report back to Faculty Senate about what was discussed at the ITC.*
- *None of the four faculty representatives will be either a Chair, Dean, Director, or hold some other administrative position.*
- *This change will be effective August 2018.*
- *This will increase faculty representation on the ITC by two people. Also, it will give the faculty a chance to have all IT conversations with all other stakeholders on campus.*

It is moved to amend the PSU Faculty Senate Bylaws Article IV, Article A, Section 5, so that it now reads:

5. ~~Continuing Studies~~ Online and Distance Learning Committee. (See Article IV.B.) This committee shall include one faculty member from each of the four colleges/schools, one faculty member from Axe Library staff, two faculty from the Faculty Senate membership, and two students. The Dean of Graduate and Continuing Studies shall serve as an ex-officio member. This committee shall:

a. Serve as a communications link between organizational units and ~~the Division of Continuing Studies~~ online and distance learning in regard to continuing education courses, policies and issues.
b. Help recruit faculty and other appropriate resource persons to participate in ~~Continuing Studies~~ online and distance learning activities.
c. Participate in the formation, development and implementation of guidelines and procedures utilized in carrying out functions of the ~~Division of Continuing Studies~~ online and distance learning.
d. Identify areas/methods by which the ~~Office of Continuing Studies~~ online and distance learning can increase services to the University.(Adopted 12/14/87 Amended 3/20/89, 5/11/98)

It is moved to amend the PSU Faculty Senate Bylaws Article IV, Article A, Section 6, so that it now reads:

6. ~~Departmental~~ Academic Honors Committee. ~~This committee shall consist of eight members (five faculty and three students).~~ This committee shall consist of ~~seven~~ five ~~four~~ faculty members. The five faculty members shall be from schools/departments participating in the ~~departmental~~ academic honors program with one from the College of Education, one from the College of Technology, one from the College of Business and two from the College of Arts and Science. Within the College of Arts and Sciences, there will be separate committees including one representing the schools/departments of natural sciences (physics, chemistry, biology, mathematics and nursing) and one from one of the other departments (art, communication, english & modern language, family & consumer sciences, history, philosophy, & social sciences, military science, music, and interdisciplinary programs). ~~The three students shall be eligible to participate in the departmental honors program.~~ When possible and filled in a timely manner by the Student Government Association, two students who are eligible to participate in the Academic Honors Program shall also be included in the committee membership. The Director of Honors College and the Vice President for Academic Affairs shall serve as ex officio members. (Amended 5/9/11). The committee responsibilities include:

1. Faculty members of the Faculty Senate ~~Departmental~~ Academic Honors Committee would serve as the Chair/Co-Chairs of the College ~~Departmental~~ Academic Honors Committee and would report back to the Faculty Senate Committee as appropriate. Each College will create a College ~~Departmental~~ Academic Honors Committee whose responsibility it is to develop clearly defined standards and guidelines for ~~Departmental~~ Academic Honors Projects within their disciplines, and to review all student applications submitted to ensure quality and rigor of the projects proposed. (Amendment as of 4/23/12 begins here) For the Colleges of Business, Education and Technology, the committee will consist of one representative from each schools/department. Within the College of Arts and Sciences, there will be separate committees representing schools/departments considered as Arts and those considered as Sciences. ~~Each committee will also include two students appointed by the Student Senate.~~ Committee representatives will be selected by the schools/departments.
2. The Faculty Senate ~~Departmental~~ Academic Honors Committee will address any student concerns voiced with regard to projects that were denied or sent back for modifications, if the student so choose to bring it forth.
3. The Faculty Senate ~~Departmental~~ Academic Honors Committee will review and act upon any proposals for new courses to be added as "may be taken for honors." (Concludes amendment of 4/23/12)
4. ~~Make certain that departmental courses designed for honors meet the general standards set forth in the institutional policy statement creating the student honors program.~~ Uphold the integrity of the guidelines of each school/department/college through the review of applications.
5. ~~Recommend to the vice president of academic affairs those students who are to receive honors.~~
6. Propose modifications in the honors program to the Senate as the need arises. (Amended 5/15/89)

March 26, 2018 Updated Version

As this policy was revised from the initial presentation to the Faculty Senate, this is the version that should be presented to your colleagues for review fpr approval.

Policy on University-Sponsored Student Activities

Preamble
Pittsburg State University recognizes the transformational value of out-of-class activities in which our students participate. Whether initiated or sponsored by faculty or other University representatives, these activities add value to our various programs, whether academic, cultural, professional, or athletic.

The PSU Faculty Senate supports our students' desire to engage in these activities; we recognize our responsibilities in facilitating this engagement; and, we seek to provide guidance for instructors, sponsors and students as we cooperate to enhance our mutual learning experience. While ideally none of these University-sponsored-or-sanctioned-activities (USSA) would interfere with classroom attendance and participation, it is inevitable that at times conflicts will occur. With the goal of ameliorating such conflicts, we share the following knowledge and suggestions by way of making policy that protects our individual constituencies.

For Students

You have the right to expect to be reasonably accommodated by faculty if you meet your responsibilities in regards to this policy and if you meet your responsibilities for class attendance and participation when not absent for USSA.

You have the responsibility to inform faculty of your intention to participate in USSA. This should be delivered in writing with a sponsor's signature, title and contact information. Students should provide specific details of their intended absence. You should do so at the beginning of the semester or as soon as you are made aware of the scheduled absence. You should inform all of the instructors whose classes you will miss. You will provide information regarding the specific details of your intended absence. This should be done as soon as you are aware of the intended absence, with a minimum of 48 hours advance notice of the affected class meetings. If not possible (e.g. last minute changes to schedules out of the student's control), then you should notify your course instructor as soon as possible.

For Sponsors

You have the right to advocate for fair accommodation for your USSA participants in cooperation from faculty and students.

You have the responsibility to inform faculty and students of your USSA schedule and how it may affect class schedules as early as possible in the semester.

For Faculty/Instructors

You have the right to expect that students will express their intention to participate in a USSA. This should be delivered by the student in writing with a sponsor's signature, title and contact information. Students should do so at the beginning of the semester, or as soon as they are aware of their intended absence, with a minimum of 48 hours advance notice of the affected class meeting. If this is not possible for reasons beyond their control, then students should notify you as soon as possible. Students should provide specific details documenting and verifying student participation in a USSA.

You have the responsibility to reasonably accommodate students who participate in USSA. Ideally, such accommodation would be offered and would be accepted in advance of a class absence. Such accommodation could include the opportunity to complete each assignment/test missed with an assignment/test of equal value and equal course content; or, exempting the student from the assignment if it is in the best interest of both parties involved.

Instructors shall provide reasonable and timely accommodations or opportunity to complete exams or other course requirements that have an impact on the course grade. Alternative solutions shall be provided for the following:

1. Travel considered part of the instructional program of the university and requiring absence from class (e.g. professional conferences, research presentations, field trips, etc.)
2. Invited participation in activities directly and officially sponsored by and in the interest of the university (e.g. athletic teams, music competitions, ENACTUS, SGA, etc.)

Violations

Neither absence nor verified notification of absence relieves the student of the responsibility for meeting all course requirements.

If a student believes a violation of the policy has occurred, the student is to contact the SGA Academic Affairs Director, either by e-mail at sga_aa@pittstate.edu, by phone at 620.235.4810, or stop by the SGA Office, located at the Crossroads Intersection in Overman Student Center in Room 111 with the big SGA frosted onto the glass. The student is to provide his or her name, contact information, the class (including day, time and instructor's name), a copy of the course syllabus and a description of the possible violation. The SGA Academic Affairs Director will notify the Chair of the Student-Faculty Committee, obtain information, and if discussion with the faculty member and student does not resolve the issue, then a meeting of the Student-Faculty Committee will be scheduled as soon as possible. The process will be the same as occurs with a reported violation of the Dead Week policy.

If a faculty member believes a violation of the policy has occurred then the faculty member should contact the Chair of the Student-Faculty Committee and provide his or her name, contact information, the class, the student's name, activity, and description of the possible violation. The Chair of the Student-Faculty Committee will notify the SGA Academic Affairs Director and obtain information. If discussion with the faculty member and student does not resolve the issue, a meeting of the Student-Faculty Committee will be scheduled as soon as possible. The process will be the same as occurs with a reported violation of the Dead Week policy.

PSU GEN ED MISSION STATEMENT

The general education curriculum serves as the heart of a university education by fostering interdisciplinary competencies that typify the educated person. It is designed to facilitate the development of key proficiencies including communication and information literacy. The general education curriculum provides a transformational experience that challenges students to think creatively and critically, and to immerse themselves in the productive examination of humans in their global setting. By encouraging the development of skills that promote life-long learning, general education fosters a sense of personal responsibility, an appreciation of diversity, and an understanding of interconnectedness in our truly global society.

CORE VALUES/PREAMBLE

General Education at PSU is a student-focused program that facilitates the development of skills, knowledge and values required for career success and global citizenship. Underpinning the entire General Education program are program-wide competencies that inspire:

- Critical Thinking
- Interdisciplinary Perspectives
- Lifelong Learning
- Innovative Thinking
- Diversity
- Sustainability

CORE GENERAL EDUCATION OBJECTIVES

Request for New Course

(Undergraduate Course Numbers through Course Number 699)

Department: Integrated Studies College: Arts and Science Submission Date: _____

Contact Person: Dr. Bobby Winters ☐ Faculty member ☒ Chair

Is this new course proposal related to, and/or affect,any other department's/college's/unit's curricula or programs at Pittsburg State University?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
Addition of this Topics course will allow guest faculty to teach areas of specialization in the Integrated Studies degree program

Proposed Course:

Course Number: SSRM 500

Title of Course: Topics in Sustainability

Credit Hours: 1-3hrs

Date first offered: Fall 2018 (Semester/Year) ☒Fall ☒Spring ☒Summer (check all that apply)

Prerequisite: N/A

Course Description (**as it will appear in the next catalog**): Special investigations in the field of sustainability. May be repeated when subject matter is different, for a maximum of 6 hours. Prerequisite: Permission of instructor.

Purpose/Justification for Proposed Course: Currently, the degree in Sustainability, Society, and Resource Management (SSRM) includes an introductory course in the field (SSRM 200) and a capstone seminar for seniors (SSRM 600), plus existing courses within individual departments and programs such as Biology, Communication, Geography, and English, among others. This new course will allow greater flexibility for faculty to teach specialized courses relevant to the SSRM program, including interdisciplinary courses not currently offered within other departments and programs. Creating this variable-content Topics course will allow us to broaden the scope of SSRM and to draw upon the expertise of a wider variety of faculty. The creation of SSRM 500 would allow faculty to develop, for example, courses such as Environmental Humanities, Sustainability and the Visual Arts, or Environmentalism and Religion. This course will support the Bachelor of Integrated Studies degree in SSRM, the new Undergraduate Leadership Certificate in Sustainability, and the "Sustainability" element of the 2015-2020 PSU Strategic Plan.

Objectives/Student Learning Outcomes (**as it will appear in the syllabus**)
A student who successfully completes this course will be able to:
1. Identify key concepts and tools related to the specialized area of sustainability
2. Demonstrate verbal, visual, and written communication styles essential to success in applied practice

Assessment Strategies [e.g., exams, projects, university rubric, etc. (**as it will appear in the syllabus**)]
Independent projects, and exams.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No *If "yes," please realize that it will need to gain approval of the President's Council.*

   Please give the rationale for additional student fees:
   N/A

3. Is this course to be considered for General Education? ☐ Yes ☒ No

   If "yes," please indicate the University's General Education Goals met by this course AND the assessment data that will be collected to measure these goals:
   N/A
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this course be required of any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this course (e.g. staffing, equipment, etc.)?
   None

Notification to COCAO/Kansas Board of Regents (if required): Date: _____

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost's administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, *"Undergraduate Curriculum Legislation"* (within the appropriate College folder, *"Preliminary Legislation"),* to allow for review and questions. Any modifications should be saved as "*original file name.version2.docx*" and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND *FINAL* COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost's administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Notification to COCAO/Kansas Board of Regents (if required): Date: _____

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost's administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, *"Undergraduate Curriculum Legislation"* (within the appropriate College folder, *"Preliminary Legislation"),* to allow for review and questions. Any modifications should be saved as "*original file name.version2.docx*" and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND *FINAL* COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost's administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No *If "yes," please realize that it will need to gain approval of the President's Council.*

   Please give the rationale for additional student fees:

   ———

3. Will this revision have specific General Education courses required? ☐ Yes ☒ No
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this revision affect any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this modification (e.g. staffing, equipment, etc.)?
   None

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines? (minimum of 24 hours) ☐ Yes ☐ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or meet professional objectives for the student? ☐ Yes ☐ No

   If "yes," to both questions, it is the department's responsibility to send a copy of this legislation form to the Director of Financial Assistance to initiate Department of Education approval.

Notification to COCAO/Kansas Board of Regents (if required): Date: _____

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost's administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, *"Undergraduate Curriculum Legislation"* (within the appropriate College folder, *"Preliminary Legislation"),* to allow for review and questions. Any modifications should be saved as "*original file name.version2.docx*" and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND *FINAL* COMPLETE PACKAGE, in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost's administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

☒ Summer

Is this revision related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
Two separate Evolution course numbers have been used in Biology: BIOL 730 (3 credits) and BIOL 529 (2 credits).

Purpose/Justification for Revision to Course: BIOL 529 has been inactive for many years. BIOL 730 has been taught four times the past five years (including Spring 2018). This proposal seeks to re-activate BIOL 529 and change it from 2 to 3 credits and teach the course at a more appropriate level for undergraduates. With a separate form the faculty in Biology agreed to deactivate BIOL 730. Additionally, changes in the curriculum in Ecology and Field Biology will require an undergraduate course in evolution.

Existing Course:

Course Number: BIOL 529

Title of Course: Evolution

Credit Hours: 2

Prerequisite: BIOL 211, BIOL 212

Course Description (as it appears in the current catalog): A description for this course under this number does not exist presently.

Proposed Course:

Course Number: BIOL 529

Title of Course: Evolution

Credit Hours: 3

Prerequisite: BIOL 211, BIOL 212, BIOL 322

Course Description (as it will appear in the next catalog): History and theory of evolutionary biology, including population genetics, phylogenetics, evolutionary medicine, and human evolution. May be taken for honors.

This course is designed for upper level Biology students.

Proposed Course:

Course Number: BIOL 575

Title of Course: Animal Behavior

Credit Hours: 3

Date first offered: 2017 (Semester/Year) ☒ Fall ☐ Spring ☐ Summer (check all that apply)

Prerequisite: BIOL 111 or BIOL 211/212

Course Description (**as it will appear in the next catalog**): An overview of key concepts, theories, and models in the field of animal behavior through an evolutionary framework. Emphasis will be placed on practicing the skills and methods used in observing and analyzing local species' behavior.

Purpose/Justification for Proposed Course: This course will give students within the Ecology and Field Biology emphasis areas and pre-veterinary school students multiple opportunities to directly observe animals' behavior and analyze how these behaviors reflect evolutionary adaptions. Students will gain both theoretical and applied skills regarding recording behavioral observations, developing experimental protocol and analyses, and scientific writing.

Objectives/Student Learning Outcomes (**as it will appear in the syllabus**)
By the end of this course, the successful student will be able to:
- Demonstrate knowledge of the fundamental questions, theory, and recent research of animal behavior topics
- Elaborate on the role of natural and sexual selection in the evolution of behavior
- Demonstrate techniques used to study animal behavior in a variety of different organisms and practice the skill of taking detailed field notes.
- Synthesize and communicate their understanding of animal behavior by conducting an independent research experiment

Assessment Strategies [e.g., exams, projects, university rubric, etc. (**as it will appear in the syllabus**)]
Achievement in this course is accomplished by:
- Papers and Analyses:
  - Animal Behavior Observations (Semester-Long)

- o WildCam Gorongosa Trail Cam Assignment
- o Optimal Foraging Behavior in Squirrels Assignment
- o Ethogram Assignment
- o Various in-class assignments on behavior modules
- o Research Paper: Proposal, Draft, Final, Presentation
- Quizzes (4)

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

BIOL 575 – Animal Behavior
Syllabus - Fall 2019

Instructor:	Dr. Christine Brodsky, Dept. of Biology
Office:	330 Heckert-Wells
Office Hours:	TTh 1:00 – 3:00 PM; W 9:00 – 12:00 PM & by appointment
Email & Office Phone	cbrodsky@pittstate.edu; (620) 235-4947
Credit Hours:	3
Lecture Location:	Hartman 212
Lecture Time:	MWF 12:00 – 12:50 PM

COURSE DESCRIPTION

This course will provide a survey of key concepts, theories, and models in the field of animal behavior through an evolutionary framework. We will focus on both the proximate (i.e. mechanistic) and ultimate (i.e. ecological and evolutionary) causes of behavior through readings, experiments, and field observations. Topics covered will include genetic and neurological basis of behavior, communication, evaluation of behavior, habitat selection, and mating systems. Students will discuss modern theory, practice skills and methods used in behavior research, and engage in independent observational and experimental study.

REQUIRED TEXTS

- *Animal Behavior*, 10th edition, by John Alcock

COURSE OBJECTIVES AND LEARNING GOALS

By the end of this course, the successful student will be able to:

- Demonstrate knowledge of the fundamental questions, theory, and recent research of animal behavior topics
- Elaborate on the role of natural and sexual selection in the evolution of behavior
- Demonstrate techniques used to study animal behavior in a variety of different organisms and practice the skill of taking detailed field notes.
- Synthesize and communicate their understanding of animal behavior by conducting a research experiment

EVALUATION*

Achievement in this course is accomplished by:

- **Papers and Analyses:**
  - Animal Behavior Observations (Semester-Long) – 300 points
  - WildCam Gorongosa Trail Cam Paper – 50 points .
  - Squirrel Behavior Research Assignment – 100 points
  - Ethogram Assignment – 50 points
  - Research Paper (200 points in total)
    - Proposal – 25 points
    - Draft – 50 points
    - Final – 100 points
    - Presentation – 25 points
- Quizzes (4, 50 points each): 200 points

GRADING SCALE
Grades will be based on your points earned as the percentage of the total available points (900) following this grading scale. Grades will not be rounded.

A = 100% - 90% B = 89% - 80% C = 79% - 70% D = 69% - 60% F = 59% and Below

***GRADUATE STUDENTS**
Graduate students will work independently on their research project, and will also have different page length, citation count, and rigor requirements for their paper. Graduate students will also have an additional assignment, writing a grant proposal for Sigma Xi. Please see the assignment descriptions on Canvas for requirements specific to graduate students.

iPads
During this course, we will use iPads with an app to record and analyze your animal behavior observations. If you are absent the day we go over iPad requirements and training, you are responsible for meeting with me during office hours to go over the presented information.

ATTENDANCE & PARTICIPATION
Attendance and participation is essential for exemplary performance in this class. By attending lecture, you will learn essential information not discussed in the readings, as well as participate in discussions to help you think critically about topics. Please notify me immediately about any issues that may arise, causing you to miss multiple classes (e.g. death in the family, illnesses, etc.).

DEAD WEEK
There may be in-class assignments during Dead Week.

NOTE TAKING
Effective note taking is an essential skill to learn at college and for your future. New research is showing that you learn and retain much more when you write class notes and draw diagrams by hand. This semester, I will strongly discourage all of my students from using a laptop to take notes. However, if you feel as though you must use a laptop in class, please avoid distracting your fellow classmates by not checking email, Facebook, playing games, etc.

E-MAIL POLICY
I will be using Canvas Messenger to contact you outside of class. When emailing me, please use proper email etiquette, such as the use of the subject line and an appropriate greeting like, "Hello Dr. Brodsky" (not "Hey" or "Yo." Yes, I have received both). Please be aware that I check my email sparingly during nights and weekends, so if you send an email after Friday afternoon, please do not expect an answer until Monday morning.

STUDENT ACCOMMODATIONS
All students are expected to meet the standards for this course as set by the instructor. However, students with learning disabilities who may need accommodations should discuss options with the Center for Student Accommodations (CSA) during the first two weeks of class. The CSA will contact professors with suggested classroom needs and accommodations. Approved documentation needs to be on file in the CSA prior to the start of the semester.

ACADEMIC HONESTY AND INTEGRITY POLICY

Academic honesty and integrity is expected and required. Please note that an important element of academic integrity is fully and correctly attributing any materials taken from the work of others. Feel free to consult with me before completing assignments if you have concerns about the correct way to reference the work of others. **Plagiarism in any form is not permitted** and will be reflected in a grade of an F for the assignment. Please review the academic honesty and integrity policy on the university's webpage: http://www.pittstate.edu/audiences/current-students/policies/rights-and-responsibilities/academic-misconduct.dot

Request for New Course

(Undergraduate Course Numbers through Course Number 699)

Department: Biology College: Arts and Sciences Submission Date: 1/22/2018

Contact Person: Christine Brodsky ☒ Faculty member ☐ Chair

Is this new course proposal related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
This course is designed for upper level Ecology & Field Biology students, but will also be used for the Sustainability, Society & Resource Management (SSRM) integrated studies degree.

Proposed Course:

Course Number: BIOL 576

Title of Course: Human Dimensions of Natural Resource Management

Credit Hours: 3

Date first offered: 2018 (Semester/Year) ☐ Fall ☒ Spring ☐ Summer (check all that apply)

Prerequisite: BIOL 111 or BIOL 211/212

Course Description (**as it will appear in the next catalog**): Concepts and ideas relevant to the relationships that people have with natural resources and their management. Students will discover and integrate multiple factors of human dimensions theory through readings, discussions, and developing and analyzing an authentic survey for a local organization.

Purpose/Justification for Proposed Course: Students pursuing a career in the natural resources will regularly work with a growing diversity of stakeholders, ranging in their values, perceptions, experiences, and use for natural resources. In this course, students will gain a comprehensive view of how people play an integral part in planning, enacting, and evaluating natural resource management plans and actions. Students will apply human dimensions theories in a problem-based learning framework by collaborating with a local agency to develop and conduct a park visitor survey, giving students an authentic experience of a natural resources professional. Additionally, this course will satisfy the human dimensions requirement for the Certified Wildlife Biologist and Certified Fisheries Professional certification programs through the Wildlife Society and American Fisheries Society, respectively.

Objectives/Student Learning Outcomes (**as it will appear in the syllabus**)
By the end of this course, the successful student will be able to:
- Build an understanding and appreciation for the role of human dimensions in natural resources management
- Recognize how social, political, cultural, and economic factors influence human interactions with natural resources
- Read, interpret, and evaluate primary literature on human dimensions
- Synthesize their understanding of human dimensions through a problem-based learning research project on a local issue

Assessment Strategies [e.g., exams, projects, university rubric, etc. **(as it will appear in the syllabus)**]

Achievement in this course is accomplished by:

- Participation & Discussions:
  - o Paper Discussion Leader – 25 points
  - o Participation in Weekly Discussions – 25 points
  - o Article summaries and reflections (10, 10 points each) - 100 points
- Assignments:
  - o Protecting Human Subjects Certification – 5 pts
  - o Survey Draft – 20 points
  - o Presentation – 25 points
  - o Final Research Project – 100 points
- Exams: Midterm and Final (50 points each) – 100 points

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No *If "yes," please realize that it will need to gain approval of the President's Council.*

   Please give the rationale for additional student fees:

   ———

3. Is this course to be considered for General Education? ☐ Yes ☒ No

   If "yes," please indicate the University's General Education Goals met by this course AND the assessment data that will be collected to measure these goals:

   ———
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this course be required of any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this course (e.g. staffing, equipment, etc.)?

COURSE DESCRIPTION
People matter in natural resources management and conservation! This course is designed to address informed decision-making and a broad understanding of how the public values, uses, and depends on the natural environment. Specifically, the course will address how one can connect natural resource management to topics spanning stakeholder engagement, social and environmental governance, and individual motivations. We will utilize a discussion-based format for a bulk of this semester. This class is designed to contribute toward many national natural resource certification requirements that necessitate a human dimensions course series.

REQUIRED TEXTS
- *Human Dimensions of Wildlife Management* (2012) by Decker, Riley, and Siemer (2nd edition) ISBN 9781421406541
- Canvas readings

COURSE OBJECTIVES AND LEARNING GOALS
By the end of this course, the successful student will be able to:
- Build an understanding and appreciation for the role of human dimensions in natural resources management
- Recognize how social, political, cultural, and economic factors influence human interactions with natural resources
- Read, interpret, and evaluate primary literature on human dimensions
- Synthesize their understanding of human dimensions through a problem-based learning research project on a local issue

EVALUATION*
Achievement in this course is accomplished by:
- **Participation & Discussions:**
  - Paper Discussion Leader – 25 points
  - Participation in Weekly Discussions (Allowed 2 missed) – 25 points
  - Article summaries and reflections (10, 10 points each) - 100 points
- **Assignments:**
  - Protecting Human Subjects Certification – 5 pts
  - Survey Draft – 20 points
  - Presentation – 25 points
  - Final Research Project – 100 points
- **Exams:** Midterm and Final (50 points each) – 100 points

***GRADUATE STUDENTS**

Graduate students will be responsible for leading a paper discussion by themselves in order to practice presenting data succinctly to an audience and facilitating a discussion. Graduate students will also have different page length, citation count, and rigor requirements for various assignments. Please see the assignment description on Canvas for requirements specific to graduate students.

GRADING SCALE

Grades will be based on your points earned as the percentage of the total available points (400) following this grading scale:

A = 100% - 90% B = 89% - 80% C = 79% - 70% D = 69% - 60% F = 59% and Below

ATTENDANCE & PARTICIPATION

Attendance and participation is ***essential*** for exemplary performance in this class. By attending lecture, you will learn essential information not discussed in the readings, as well as participate in discussions to help you think critically about topics. Please notify me immediately about any issues that may arise, causing you to miss multiple classes (e.g. death in the family, illnesses, etc.).

READINGS AND DISCUSSIONS

Readings are a critical part of this course. It is essential that you arrive to class having read and prepared for discussion. Given the nature of this course, we may discuss issues that some of you may find uncomfortable. We must be open to the views of people different from ourselves. In this time we share together over the semester, please honor the uniqueness of your fellow classmates and appreciate the opportunity we have to learn from one another. Please respect each other's opinions, refrain from personal attacks or demeaning comments of any kind, and maintain a mature and professional manner at all times. Failure to do so will result in your expulsion from the course.

WRITTEN ASSIGNMENTS

Written assignments completed outside of class must be typed, double-spaced, and use American Psychological Association (APA) style for formatting in-text citations and reference lists. Please use Purdue Online Writing Lab (OWL) for assistance with references: https://owl.english.purdue.edu/owl/resource/560/01/ Cheating, plagiarism and any other form of academic dishonesty will not be tolerated.

ACADEMIC HONESTY AND INTEGRITY POLICY

Academic honesty and integrity is expected and required. Please note that an important element of academic integrity is fully and correctly attributing any materials taken from the work of others. Feel free to consult with me before completing assignments if you have concerns about the correct way to reference the work of others. Plagiarism in any form is not permitted and will be reflected in a grade of an F for the assignment. Please review the academic honesty and integrity policy on the university's webpage: http://www.pittstate.edu/audiences/current-students/policies/rights-and-responsibilities/academic-misconduct.dot

E-MAIL POLICY

I will be using Canvas to contact you outside of class. When emailing me, please use proper email etiquette, such as the use of the subject line and an appropriate greeting like, "Hello Dr. Brodsky" (not "Hey" or "Yo." Yes, I have received both). I check my email sparingly during nights and weekends, so if you send an email after Friday afternoon, please do not expect an answer until Monday morning.

STUDENT ACCOMMODATIONS
All students are expected to meet the standards for this course as set by the instructor. However, students with learning disabilities who may need accommodations should discuss options with the Center for Student Accommodations (CSA) during the first two weeks of class. The CSA will contact professors with suggested classroom needs and accommodations. Approved documentation needs to be on file in the CSA prior to the start of the semester.

DEAD WEEK
There may be in-class assignments during Dead Week.

Subject: Human dimensions course legislation

Hello Alicia and Catherine,

I'm getting ready to submit the Request for New Course regarding my Human Dimensions of Natural Resource Management course to the Biology department. Would you mind giving it a read to see how it fits in with SSRM? I would love to have more SSRM students in the class in the future!

Thank you,

Christine

Request for Revision to Course

(Undergraduate Course Numbers through Course Number 699)

Department: Biology College: Arts and Sciences Submission Date: _____

Contact Person: Neil Snow ☒ Faculty member ☐ Chair

Revision Effective: Fall 2018 (Semester/Year)

Offered: (check all that apply)
☒ Fall
☐ Spring
☐ Summer

Is this revision related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
This course is optional for students in some areas of Ecology and Field Biology in the Department of Biology

Purpose/Justification for Revision to Course: An increase from 2 to 3 credits is needed to align with other courses in the Department taught at the 600 level. The changes in course title and description are needed to reflect the changed emphasis in the course.

Existing Course:

Course Number: BIOL 642

Title of Course: Identification of Grasses and Sedges

Credit Hours: 2

Prerequisite: None

Course Description (as it appears in the current catalog): An overview of the morphology, distribution, ecology and identification of grasses and sedges. Emphasis will be on collections, identification and prairie ecology. Numerous field trips. May be taken for honors.

Proposed Course:

Course Number: BIOL 642

Title of Course: Grass Taxonomy

Credit Hours: 3

Prerequisite: BIOL 211, BIOL 212, BIOL 548 or concurrent enrollment

Course Description (as it will appear in the next catalog): Systematics and identification of grasses, focusing on subfamilies, genera, and the most common species regionally. Some field trips required on weekends. May be taken for honors.

Request for New Course

(Undergraduate Course Numbers through Course Number 699)

Department: Biology College: Arts & Sciences Submission Date: Jan 2018

Contact Person: Anuradha Ghosh ☒ Faculty member ☐ Chair

Is this new course proposal related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
This course is recommended for addition into the list of electives for the Public Health minor.

Proposed Course:

Course Number: BIOL 674

Title of Course: Basics of Human Toxicology

Credit Hours: 3

Date first offered: Fall 2016 (Semester/Year) ☒ Fall ☐ Spring ☐ Summer (check all that apply)

Prerequisite: BIOL-211 and BIOL-212' or 'BIOL-111/112 and BIOL-257/258' or permission of instructor

Course Description (as it will appear in the next catalog): This course provides an introductory overview of the field of toxicology impacting human health covering the basic principles, target organ toxicity, toxicity of a limited group of compounds, and methods of toxicity testing. Important basic concepts from chemistry and biological sciences have been included to facilitate the understanding of the principles and mechanisms of toxicant action on specific organ systems.

Purpose/Justification for Proposed Course: This course aims to educate undergraduate and/or graduate students on applications of toxicology in pharmacology, forensic science, and toxicogenomics. This course will also serve as an elective for Biology or Chemistry major students with pre-pharm emphasis and for students with a Public Health minor. This course have been offered twice as a hybrid course and received reasonable student response: Fall 2016 (9 students) and Fall 2017 (6 students).

Objectives/Student Learning Outcomes (as it will appear in the syllabus)
Students who successfully complete this upper division course will be able to:

- demonstrate an adequate knowledge to define basic terminology and list historical events;
- explain basic principles of toxicology, including hazard, risk, route of exposure, dose and response relationship, and toxicity factors;
- discuss mode of action of various biological poisons; and able to identify and characterize antidote availability, their limitations, the role of symptomatic and supportive care;
- explain the effect of selected common chemicals on mutagenicity, carcinogenicity and immunotoxicity;
- compare the toxicology of the major systems: renal, circulatory, respiratory, skin, liver, neural, endocrine and reproductive;

- list national and international organizations and summarize their role in providing toxicological information.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (as it will appear in the syllabus)]
Unit examinations (up to three with 50 points each)
Quizzes (up to 3 comprising a total of 50 points)
Writing assignments on special topics of interest (up to a total of 50 points)
Participation in graded discussion forum (up to 50 points)
Online and/or in-class presentation (up to 50 points)

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process.

Originating Department: Please complete this form and upload to the Zimbra Briefcase, *"Undergraduate Curriculum Legislation"* (within the appropriate College folder, *"Preliminary Legislation"*), to allow for review and questions. Any modifications should be saved as *"original file name.version2.docx"* (e.g. MATH 343.version 2.docx) and uploaded as well.

Please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Please Note: This is a 2-3 month process, at least, and is designed to eliminate questions and concerns at the beginning of the process. Any questions/concerns not addressed prior to the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee may result in an additional month added to the process.

Toxicology and Human Health (BIOL 602-93 and 802-94) Fall 2017 Syllabus
Department of Biology, Pittsburg State University

Instructor and contact information:

Dr. Anuradha Ghosh
321 Heckert-Wells (Office)
Department of Biology
Pittsburg State University
E-mail: aghosh@pittstate.edu
Phone: 620-235-4532
Hours: 10-12 MTWThF (or by appointment)

Course Structure and Delivery: This is a 3 **credit hour hybrid** course and the course materials will be available on CANVAS. Once a week **in-class meeting on every Fridays (2-3.15 pm at Heckert-Wells 319)** will give an overview of the lecture topics and engage students in discussion. We follow the University calendar for Fall 2017. All course communications must be from within the CANVAS message system.

Course description, overview and objectives:

The topics are organized into units and concisely present the broad science of toxicology in undergraduate and graduate courses of toxicology. A detailed list of course topics are provided below. The overall objective is to provide an introductory overview of the field of toxicology impacting human health covering the basic principles, target organ toxicity, toxicity of a limited group of compounds and toxicogenomics. Important basic concepts from chemistry and biological sciences have been included to facilitate the understanding of the principles and mechanisms of toxicant action on specific organ systems. The principal learning objective is for the students to gain familiarity with basic building blocks of toxicology, to enable them to subsequently build a more detailed knowledge of those particular aspects of toxicology that interest them.

Student Learning Objectives:

Students who successfully complete this upper division course will be able to:

- demonstrate an adequate knowledge to define basic terminology and list historical events;
- explain basic principles of toxicology, including hazard, risk, route of exposure, dose and response relationship, and toxicity factors;
- discuss mode of action of various biological poisons; and able to identify and characterize antidote availability, their limitations, the role of symptomatic and supportive care;
- explain the effect of selected common chemicals on mutagenicity, carcinogenicity and immunotoxicity;
- compare the toxicology of the major systems: renal, circulatory, respiratory, skin, liver, neural, endocrine and reproductive;
- list national and international organizations and summarize their role in providing toxicological information.

Course prerequisites: 'BIOL-211 and BIOL-212' or 'BIOL-111/112 and BIOL-257/258' or Junior Biology standing or permission of instructor

Grading scheme: A = 100-90%, B = 89-80%, C = 79-70%, D = 69-60 %, F = 59% and below. The final grade is comprised of cumulative grades from three unit examinations (50 points each), quizzes (up to 3 quizzes comprise total 50 points), assignments on special topics of interest (up to total 50 points), and participation in graded discussion forum (up to 50 points) and online and/or in-class presentation (up to 50 points).

We are required by U regulations to correct course number. It has been primarily for Seniors but numbered 751 since it's inception; upon wanting a name change and filling out a request for revision, we were asked to resubmit as a new course with a corrected number

Proposed Course:

Course Number: ENGL 651

Title of Course: Writing and Publishing Fiction

Credit Hours: 3

Date first offered: 2019 (Semester/Year) ☐ Fall ☒ Spring ☐ Summer (check all that apply)

Prerequisite: ENGL 250 Introduction to Creative Writing, ENGL 351 Fiction Writing and Editing I and ENGL 451 Fiction Writing and Editing II or permission of Director of Creative Writing.

Course Description (as it will appear in the next catalog): Students will write and edit fiction with the goal of publication; includes workshop format and the study of fiction markests as well as other readings.

Purpose/Justification for Proposed Course: Course is part of core curriculum to emphasis already; the new number meets university regulations; the new name will give students and anyone who sees the transcript a better idea of the marketable skills learned in the course.

Objectives/Student Learning Outcomes (as it will appear in the syllabus)
Students will explore new fictional possibilities as well as have the option of continuing to develop strong writing material from previous classes. The major goals are to guide students to build upon and expand the more sophisticated dimensions of their individual voices. The course activities emphasize ongoing immersion in the interrelated connections of reading, writing, listening, oral telling, sense of personal voice, imaginative seeing, and structure as practiced by any developed writer of fiction. The workshop will have a strong emphasis on point-of-view, development of character and world, clean, precise language, market research, and story structure. Students will demonstrate growth in revision and will submit fiction to at least 4 publications.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (as it will appear in the syllabus)]

Grades are ABCDF. Grades for short stories are based on revision and "Essentials of a Good Story." Grade for participation includes contribution to class and workshop (including letters and comments on discussion board

to classmates). Presentations are graded, as are writing exercises. Grades are distributed thusly: Fiction 2 and 4 and submissions to magazines—50 percent; Fiction 1 and 3—15 percent; Book presentation—15 percent; Participation, including writing exercises, DVW attendance, market research, and letters to peers—20 percent.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

This name change better reflects course content and skills learned; we have to change the number because the old number was just wrong listing it as 700-level when course was primarily undergrad.Former course was ENGL 752 Senior Poetry Writing. Registrar said we couldn't just do a name change, but instead need new course/number.

Proposed Course:

Course Number: ENGL 652

Title of Course: Writing and Publishing Poetry

Credit Hours: 3

Date first offered: 2019 (Semester/Year) ☐ Fall ☒ Spring ☐ Summer (check all that apply)

Prerequisite: ENGL 250 Introduction to Creative Writing, ENGL 352 Poetry Writing and Editing I and ENGL 452 Poetry Writing and Editing II or permission of Director of Creative Writing.

Course Description (**as it will appear in the next catalog**): Students will write and edit poetry with the goal of publication; includes workship format and the study of poetry markets as well as other readings.

Purpose/Justification for Proposed Course: Course is part of core curriculum to emphasis already; the new number meets university regulations; the new name will give students and anyone who sees the transcript a better idea of the marketable skills learned in the course.

Objectives/Student Learning Outcomes (**as it will appear in the syllabus**)
The purpose of the class is to further your skills as poets. We will accomplish this goal by reading, discussion, working on invention exercises, writing, rewriting and sharing poetry, and editing and evaluating the work of other poets. Sometimes you will be asked to write to specific exercises or assignments, other times not. You are expected to write new work for the course and to submit work for publication to appropriate venues.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (**as it will appear in the syllabus**)]

Here is a sample; some aspects vary by year: I. Reading Category—"Read, read, read, all the examples of verse you admire, and some you do not admire. Concentrate all you can into your phrases, clauses, and sentences. But don't expect quick success. . . . The rest is up to you." –W. C. Williams

A. Adopt-a-Poet. Includes: Reading, Research, Paper, Sharing Poems, Leading Discussion.
B. Assigned readings of poetry and theory from handouts and the work of your peers.

C. DVW Reading Attendance:

D. Additional reading for 752s & 4 reading journals. You'll show me you've read by bringing up relevant points from your reading in class discussion and by writing 3-4 page responses. Responses should help you understand readings that may be in depth or challenging. Also we will meet before the 10th week for one conference on Orr. Rather than assigning days for the Poetry as Survival assignments, I'll ask you to follow this schedule:

J#1 Orr 1-23 due by week 2 J#2 Orr 24-50 due by week 6 or 7

J#3 Orr 51-82 due week 7 or 9 J#4 Orr 83-113 due week 10 or 11

II. Writing, Editing, Publishing & Revision Category:

A. Poems: Write and hand in poems at least weekly.

B. Writing in response to assigned exercises.

C. 2 conferences required, both before the 10th week, 1 before the 5th week.

D. Workshop: Attend regularly; mark other student's work, participate.

E. Revisions & Portfolio: This will help me determine your final grade. This should be an organized and substantially revised collection of poems. I'll look for a preface and an optional appendix. I expect to see each poem's initial version, including any copies I marked on as well as revisions. I'll be looking for improvements in your work, as well as evidence you've learned key concepts in class. A large portion of your grade will rest on the portfolio and its eight (8) revisions. The preface consists of an introduction to your work and a rationale for what you revised, as well as a discussion of how your work changed over the course of the semester and a discussion of key concepts from the course as they relate to your work and revisions.

F.Publishing:We will research markets and you will submit work to at least three magazines.

Grades:

Modified Contract Grading System: If you do all assignments from both the Reading and Writing and Revision Categories on time and if they are complete and adequate in my judgment to the assigned purpose, you will receive at least a B. If you meet the requirements for a B and if your work exhibits success in achieving originality of language and image in the contemporary poetic idiom and shows evidence of substantial serious, rigorous revisions, then you will receive an A. If you do not meet the B requirements, your grade will be averaged as follows:

40% Portfolio 10% market research and submissions 25% Adopt-a-poet

25% Handing work in on time, conferences, workshop, reading attendance, participation, and all other work.

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Proposed Course:

Course Number: ENGL 653

Title of Course: Writing Experimental Literatures

Credit Hours: 3

Date first offered: 2019 (Semester/Year) ☒ Fall ☐ Spring ☐ Summer (check all that apply)

Prerequisite: Completeion of ENGL 351 Fiction Writing and Editing I or Engl 352 Poetry Writing and Editing 1 or permission of the Director of Creative writing.

Course Description (as it will appear in the next catalog): Capstone course in Creative Writing Emphasis. Offers advanced writing work in traditional and experimental techniques in poetry, fiction, and other genres. Includes work in publishing, editing, and close reading.

Purpose/Justification for Proposed Course: This course exists under the title MultiGenre, which is confusing to students. We found when we wanted to change just the name and course description, that the course has been erroneously numbered for years.

Objectives/Student Learning Outcomes (as it will appear in the syllabus)
Students will demonstrate the ability to work within traditional and experimental forms of the essay, poetry, and fiction. Students will learn a variety of editing techniques from descriptive to analytical. Students will create art for publication and will experiment beyond the traditions, taking writing off the page and work with digital medias as content creators rather than content consumers. There is a significant reading load in the class.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (as it will appear in the syllabus)]
In order to receive a final grade for the course, all major assignments must be completed and handed in according to schedule. You'll lose a letter grade on any of the three essays for which you do not hand in a rough draft, typed, complete, & on time.

Request for Revision to Curriculum

Revision for: ☐ Major ☐ Minor ☒ Emphasis ☐ Certificate

Department: EML College: A&S

Submission Date: 2/12/2018 Revision Effective: Fall, WF 2018 (Year)

Contact Person: Washburn ☒ Faculty member ☐ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Creative Writing

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

Description of Change: Previously emphasis was divided into two subemphases, but now all students will share a more similar core and those poetry/fiction emphases are removed. Overall, some courses removed due to low enrollment. Less choice offered for students to better fill core classes.

Rationale for Change (include changes to curriculum objectives): Curriculum objectives have not changed, but enrollments have. Students will have fewer electives, and several courses will now meet the needs of students in other emphases as well as the CW emphasis. Craft of Fiction course deleted, but course material overlaps with existing fiction courses. Craft of Poetry deleted and replaced with Engl 546 literature class, Poetry: Evolution of Forms. Degree audits will be cleaner and clearer with the poetry or fiction emphasis removed.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation.
Removal of elective courses. Course name changes to better reflect marketable skills on transcripts.

Is this revision related to, and/or may affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?

Name of Existing Major or Minor/Emphasis/Certificate: Language Emphasis

If proposing a name change to major or minor/emphasis/certificate, indicate Proposed Name Change:

———

Description of Change: ENGL 478 and 479 to be deleted; two more electives added in their place.

Rationale for Change (include changes to curriculum objectives): Most students who select this emphasis are international exchange students who want to teach ESOL. ENGL 478 and 479 are courses for students who will teach native English speakers and have proved not to work well for students who want courses to help them with ESOL. With more electives, students can choose the courses they think will be most helpful.

Is this revision related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation.
The courses in this emphasis are not included in any other programs at other Regent universities.

Deletion of: ☐ Major ☐ Minor ☒ Emphasis ☐ Certificate

Department: Family & Consumer Sciences College: Arts and Sciences

Submission Date: 02/10/2018 Revision Effective: Fall, 2018 (Year)

Contact Person: Duane Whitbeck ☐ Faculty member ☒ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Fashion Merchandising

Rationale for Deletion: We have had great difficulty in hiring an appropriately credentialed faculty member to lead the area. There have been nine failed searches and 3 emergency hires over an 18 year period. The faculty hired with appropriate credentials leave in an average of 2 years. Because of high faculty turnover and the area is supported by only one faculty position it has resulted in a low number of majors.

Will this deletion affect any other department's/college's/unit's curricula or programs at Pittsburg State University?
☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
The department will still be responsibile for providing courses that are used by the Family & Consumer Sciences Education major and the Interior Design major. Adaptations are being considered for the Introduction to merchandising course which is taken by Family & Consumer Sciences Education majors. Initial discussions with the Interior Design faculty members including notifying them that within two years they will need to find someone to teach a Textiles course.

Will this deletion involve specific General Education courses? ☐ Yes ☒ No
If "yes," please realize that it will need to gain approval of the General Education Committee.

Will this deletion affect any education majors? ☐ Yes ☒ No
If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

Purpose/Justification for Revision to Course: International Studies is being eliminated as a major and turned into an emphasis within Political Science. As international studies was an interdisciplinary degree, the majority of courses within the curriculum were parts of other programs. This course was one of only a few specialty courses that could be utilized for individual students/professors to satisfy particular needs on a case-by-case basis. This changes allows for that possibility to remain by moving the course into a political science designation.

Existing Course:

Request for Deletion of Curriculum

Deletion of: ☒ Major ☐ Minor ☐ Emphasis ☐ Certificate

Department: HPASS College: A&S

Submission Date: 1/23/18

Revision Effective: Fall, 2018 (Year)

Contact Person: Darren Botello-Samson ☒ Faculty member ☐ Chair

Name of Existing Major or Minor/Emphasis/Certificate: Bachelor of Arts Degree with a Major in International Studies

Rationale for Deletion: The program review committee recommended elimination of the International Studies major.

Will this deletion affect any other department's/college's/unit's curricula or programs at Pittsburg State University?
☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
As an interdisciplinary program, the courses offered as part of the international studies major came from other programs. Those courses will continue to be taught and generally still be available to students pursuing a major in political science with an emphasis in international studies. Therefore, enrollment in those courses is not likely to be affected. See attached document Re: Changing International Studies Major to Emphasis in Political Science.

Will this deletion involve specific General Education courses? ☐ Yes ☒ No
If "yes," please realize that it will need to gain approval of the General Education Committee.

Will this deletion affect any education majors? ☐ Yes ☒ No
If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

Notification to COCAO/Kansas Board of Regents (if required): Date: _____

Each college curriculum representative will notify their respective college and department(s) of the completion of the approval process. If COCAO/KBOR approval is required, questions should be directed to the Provost's administrative officer at x4113.

Originating Department(s): After completing this form, in its entirety, please upload it to the Zimbra Briefcase, "Undergraduate Curriculum Legislation" (within the appropriate College folder, "Preliminary Legislation"), to allow for review and questions. Any modifications should be saved as "original file name.version2.docx" and uploaded as well.

Following final College Curriculum Committee approval, please print the final version of this form, apply the appropriate signatures, and forward to the Office of the Registrar.

Following Faculty Senate Approval, SUBMIT (if required) SIGN-OFF SHEET AND FINAL COMPLETE PACKAGE in electronic format, TO THE OFFICE OF THE PROVOST (220 RUSS HALL). Please check with the Provost's administrative officer at x4113 if unsure.

Please Note: This is at least a 2-3 month process from the time of first submission and is designed to eliminate concerns and questions at the beginning of the process. Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

☒ Faculty member ☐ Chair

Title of Proposed Minor/Emphasis/Certificate: Bachelor of Arts Degree in Political Science with Dual Emphases in Political Science and International Studies

Purpose/Justification for Minor/Emphasis/Certificate: The program review committee has suggested eliminating the international studies major. This emphasis would allow for students to pursue something similar to what was a double major in political science and international studies. A minor is not required with a Dual Emphasis

Is this new minor/emphasis/certificate proposal related to, and/or may affect, any degree program or minor/emphasis/certificate at any other Regent university?

☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation.

There is no connection to or relationship with this emphasis and any other Regent institution.

Is this new minor/emphasis/certificate proposal related to, and/or may affect, any other department's/ college's/ unit's curricula or programs at Pittsburg State University?

☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.

International studies has always relied upon coursework already provided by other programs. Moving international studies into political science should not affect those programs, as those programs were already offering courses taken by international studies majors. See attachment RE: Changing International Studies Major to Emphasis in Political Science.

Please complete the Kansas Board of Regent forms located at http://www.kansasregents.org/academic_affairs/new_program_approval and list the proposed curriculum for the minor/emphasis/concentration, in section 3 (III) of the forms. Please input the proposed curriculum as you wish it to appear in the next catalog. If you have any questions about the KBOR forms, please contact the Provost's administrative officer at x4113.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   N/A

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No If "yes," please realize that it will need to gain approval of the President's Council.

   Please give the rationale for additional student fees:

   ———

3. Will this minor/emphasis/certificate have specific General Education courses required?
   ☐ Yes ☒ No
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this minor/emphasis/certificate affect any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this minor/emphasis/certificate (e.g. staffing, equipment, etc.)?
   N/A

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines? (minimum of 24 hours) ☐ Yes ☐ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or meet professional objectives for the student? ☐ Yes ☐ No

   If "yes," to both questions, it is the department's responsibility to send a copy of this legislation form to the Director of Financial Assistance to initiate Department of Education approval.

Request for New Minor/ Emphasis/ Certificate

Proposal for a New: ☐ Minor ☒ Emphasis ☐ Certificate

Department: HPASS College: A&S

Submission Date: 1/23/18

Effective: Fall, 2018 (Year)

Contact Person: Darren Botello-Samson ☒ Faculty member ☐ Chair

Title of Proposed Minor/ Emphasis / Certificate: Bachelor of Arts Degree in Political Science with an Emphasis in International Studies

Purpose/ Justification for Minor/ Emphasis/ Certificate: The program review committee has suggested eliminating the international studies major. This emphasis would allow for students to pursue much of the content of an international studies major within a political science major. Political science has always provided the plurality credits for the international studies major.

Is this new minor/ emphasis/ certificate proposal related to, and/ or may affect, any degree program or minor/ emphasis/ certificate at any other Regent university?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation.
There is no connection to or relationship with this emphasis and any other Regent institution.

Is this new minor/ emphasis/ certificate proposal related to, and/ or may affect, any other department's/ college's/ unit's curricula or programs at Pittsburg State University?
☒ Yes ☐ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
International studies has always relied upon coursework already provided by other programs. Moving international studies into political science should not affect those programs, as those programs were already offering courses taken by international studies majors. See attachment RE: Changing International Studies Major to Emphasis in Political Science.

Please complete the Kansas Board of Regent forms located at http://www.kansasregents.org/academic_affairs/new_program_approval and list the proposed curriculum for the minor/ emphasis/ concentration, in section 3 (III) of the forms. Please input the proposed curriculum as you wish it to appear in the next catalog. If you have any questions about the KBOR forms, please contact the Provost's administrative officer at x4113.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   N/A

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No If "yes," please realize that it will need to gain approval of the President's Council.

   Please give the rationale for additional student fees:

   ———

3. Will this minor/emphasis/certificate have specific General Education courses required?
   ☐ Yes ☒ No
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this minor/emphasis/certificate affect any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this minor/emphasis/certificate (e.g. staffing, equipment, etc.)?
   N/A

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines? (minimum of 24 hours) ☐ Yes ☐ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or meet professional objectives for the student? ☐ Yes ☐ No

   If "yes," to both questions, it is the department's responsibility to send a copy of this legislation form to the Director of Financial Assistance to initiate Department of Education approval.

Darren, I expect you are correct - the changes should not affect us very much if any. I am going to forward your message to Hermann Nonnenmacher because I am sure that he intends to teach Medical Entomology. That was a course from another professor who has now retired. Hermann would be quite capable of teaching it if he was interested, but his work has taken some other directions. I'll let you know. Dixie

Darren,

Thanks for the information. I don't have any questions at this time. I don't know if you need this information, but it should be noted to your potential students that ART 288 and ART 688 are only offered in the Fall of the academic year, ART 289 and ART 689 are offered in the Spring. ART 178 is offered every semester.

If there is anything else that you need from me, let me know.

Jamie

Dear Darren
Thank you for the update. I agree that any impact will be minimal and do not foresee any issues for the Geography program. One possible issue for your students is that Geog 307 - East Asia is no longer offered (since the departure of Dr Kim).
Best wishes

We are supportive of your efforts and the inclusion of GT 350 in your new emphasis. Matt Brown leads our efforts with GT 350 in concert with Dr. Andy Klenke. If you should require any information concerning GT 350, do not hesitate to contact either one of them.

Again, we are very supportive of your efforts. Thank you for continuing to include GT 350 in the program curriculum, as you make this transition from a major to an emphasis.

Additional Questions

1. Additional resources required (e.g. library or multimedia resources, technology, space, major expense, etc.):
   None

2. Will any additional student fees be required (e.g. equipment, clothing, travel, licensing, etc.)?
   ☐ Yes ☒ No *If "yes," please realize that it will need to gain approval of the President's Council.*

   Please give the rationale for additional student fees:
   N/A

3. Will this revision have specific General Education courses required? ☐ Yes ☒ No
   Please realize that it will need to gain approval of the General Education Committee.

4. Will this revision affect any education majors? ☐ Yes ☒ No
   If "yes," please realize that it will need to have the approval of the Council for Teacher Education.

5. What additional costs will be required for this modification (e.g. staffing, equipment, etc.)?
   N/A

Additional Questions for certificate only:

1. Are students pursuing only this certificate eligible for federal financial assistance based on federal guidelines? (minimum of 24 hours) ☐ Yes ☐ No

2. Does the course content contained within this certificate provide relevance to employment opportunities or meet professional objectives for the student? ☐ Yes ☐ No

   If "yes," to both questions, it is the department's responsibility to send a copy of this legislation form to the Director of Financial Assistance to initiate Department of Education approval.

Any questions/concerns not addressed prior to the review by the College Curriculum Committee and the Faculty Senate University Undergraduate Curriculum Committee, may result in an additional month added to the process, before it is sent (if required) to the Kansas Board of Regents, which may result in a delay in implementation.

Request for New Course

(Undergraduate Course Numbers through Course Number 699)

Department: HHPR College: Education Submission Date: Feburary 13th, 2018

Contact Person: Derek Crawford ☐ Faculty member ☐ Chair

Is this new course proposal related to, and/or affect, any other department's/college's/unit's curricula or programs at Pittsburg State University?
☐ Yes ☒ No

Whether a "yes" or "no" response, please provide an explanation. Provide documentation of any discussions (e.g. copies of e-mails, memos, etc.) that have occurred.
This course will only serve as an upper division elective course for the Exercise Science Program. As such, it should not affect any other students and/or Programs outside of the Exercise Science Major. Additionally, as it will serve as an elective course, the new course will not affect the degree progress of any current Exercise Science major.

Proposed Course:

Course Number: EXSCI 570

Title of Course: Neurobehavioral Exercise Physiology

Credit Hours: 4

Date first offered: Fall 2018 (Semester/Year) ☒ Fall ☒ Spring ☒ Summer (check all that apply)

Prerequisite: HHP 464 Physiology of Exercise

Course Description (**as it will appear in the next catalog**): his is an integrative course exploring neurophysiological factors that affect exercise performance and participation. Students will gain an in-depth understanding of how neurophysiological changes during exercise influence skeletal muscle function, exercise performance, perceptions of effort, and future participatory behavior. Special attention will be given to the mechanisms of muscular fatigue along with the interactions of the conscious brain and potential neuro-protective mechanisms of whole-body homeostasis.

Purpose/Justification for Proposed Course: Currently students are only required to have a very basic knowledge of neuromuscular physiology. However recent research shows that the role of the brain/central nervous system plays a integral role in not only function, but limiting exercise performance and participatory behavior. Understanding these mechanisims will be valuable to students looking to work with athletes or even whom will be tyring to rehab injuries or work with those with disability. Practical applications of course material will be presented and discussed at every opportunity.

Objectives/Student Learning Outcomes (**as it will appear in the syllabus**)
. Understand the basic physiological components of neuromuscular function. This includes properties of muscle, motor units, and moto-neurons.
2. Understand neuromuscular adaptations to various modes of exercise training.
3. Understand the mechanisms of neuromuscular fatigue; including peripheral and central factors.
4. Understand the roles of affect, emotion, and mood within exercise training and sport performance.

5. Apply the knowledge gained throughout the course to assimilate and evaluate experimental data collected from laboratory sessions on neuromuscular function.
6. Apply knowledge gained throughout the course to critically evaluate contemporary models of exercise fatigue and performance.

Assessment Strategies [e.g., exams, projects, university rubric, etc. (**as it will appear in the syllabus**)]
The student will be expected to show competencies in the following areas:

Lecture Retention Quizzes. Following each presentation and prior to the next in-class session, you will be asked to complete a quiz over the lecture material. The purpose of these quizzes is to ensure that you are reading/listening to the required material prior to class sessions. Additionally, student performance on these quizzes will be use by the course instructor to identify any areas of course material that may require more time to comprehend.

Concept Reflections. Following completion of a topic area (i.e., usually each week), students will be asked to record their thoughts and reflections what they perceive to be the most interesting, important, or useful concepts from that section of material. These reflections will be audio recorded and uploaded to Canvas so that the course instructor can assimilate students' interests into future assignments or projects.

Laboratory Reports. Students can expect to complete one (1) laboratory experiment per module in this course. These experiments will require each student to participate in the experimental treatment and provide their data to the course instructor. The course instructor will compile the data and distribute it to students with analysis and discussion questions to answer in a formal report.

Examinations. Following the completion of each course module students will be expected to take a comprehensive exam to test their retention of course material. The course instructor reserves the right to change the format of these examinations at any point throughout the course (e.g., examinations could switch between traditional in-class paper-and-pencil format to an out-of-class online format; or vice versa).

Evaluation Procedures:
Each of the above areas will be evaluated in the following manner. (Final points may be adjusted as deemed necessary by the instructor). What you can expect from me is a clear, concise grading rubric for each assignment I ask you to submit. My hope is that these rubrics will not only help facilitate your ability to complete quality work, but to provide transparency into the grading process.

Retention Quizzes (28 x 10 points)	280 points (~32%)
Concept Reflections (14 x 10 points)	140 points (~16%)
Lab Reports (3 x 50 points)	150 points (~17%)
Examinations (3 x 100 points)	300 points (~34%)
Total Points	870 points

If you wish to attach a syllabus, you may attach it to the end of this document as part of the packet.

Additional Questions

Course Description:

This is an integrative course exploring neurophysiological factors that affect exercise performance and participation. Students will gain an *in-depth* understanding of how neurophysiological changes during exercise influence skeletal muscle function, exercise performance, perceptions of effort, and future participatory behavior. Special attention will be given to the mechanisms of muscular fatigue along with the interactions of the conscious brain and potential neuro-protective mechanisms of whole-body homeostasis.

Required Text:

Custom Text from Human Kinetics (combines advanced neuromuscular exercise physiology and psychobiology of physical activity).

Prerequisite: Physiology of Exercise, HHP 464

Course Goal/Objectives/Competencies/Outcomes:

The student who successfully completes this course will:

1. Understand the basic physiological components of neuromuscular function. This includes properties of muscle, motor units, and moto-neurons.
2. Understand neuromuscular adaptations to various modes of exercise training.
3. Understand the mechanisms of neuromuscular fatigue; including peripheral and central factors.
4. Understand the roles of affect, emotion, and mood within exercise training and sport performance.
5. Apply the knowledge gained throughout the course to assimilate and evaluate experimental data collected from laboratory sessions on neuromuscular function.
6. Apply knowledge gained throughout the course to critically evaluate contemporary models of exercise fatigue and performance.

Instructional Methods:

The structure of this course may be somewhat unique to you. I have learned I am a better instructor when class time is spent debating, facilitating student discussions, or leading experiments rather than relying on lecturing. With this in mind, this ***course structure follows what is known as a "flipped classroom."*** Flipped classrooms are ones in which students first gain exposure to new material outside of formal class sessions, typically through readings or video lectures, and use class time to do the harder work of assimilating that knowledge. Within this format I will ask students to

listen to pre-recorded lectures on new material prior to the first class period of each week (approximately 1 hour per week) along with completing a quizzes over the covered material. Prior to the second class period of each week, I will assign original research articles that should be read in order to be able to participate (approximately 1 hour per week) in class sessions. Class time (2 hours per week) will be spent on helping students integrate this knowledge via discussions, experimentation, or debates that will provide immediate feedback to students from their peers and instructor. Following these class sessions students will be asked to submit a self-reflection on the material covered and integrative activities to summarize their individual takeaway messages. Beyond these requirements, students are expected to allocate a minimum of six (6) hours per week to studying course material and should expect to have their knowledge challenged through periodic examinations.

Activities/Requirements:

The student will be expected to show competencies in the following areas:

Lecture Retention Quizzes. Following each presentation and prior to the next in-class session, you will be asked to complete a quiz over the lecture material. The purpose of these quizzes is to ensure that you are reading/listening to the required material prior to class sessions. Additionally, student performance on these quizzes will be use by the course instructor to identify any areas of course material that may require more time to comprehend.

Concept Reflections. Following completion of a topic area (i.e., usually each week), students will be asked to record their thoughts and reflections what they perceive to be the most interesting, important, or useful concepts from that section of material. These reflections will be audio recorded and uploaded to Canvas so that the course instructor can assimilate students' interests into future assignments or projects.

Laboratory Reports. Students can expect to complete one (1) laboratory experiment per module in this course. These experiments will require each student to participate in the experimental treatment and provide their data to the course instructor. The course instructor will compile the data and distribute it to students with analysis and discussion questions to answer in a formal report.

Examinations. Following the completion of each course module students will be expected to take a comprehensive exam to test their retention of course material. The **course instructor reserves the right to change the format of these examinations at any point** throughout the course (e.g., examinations could switch between traditional in-class paper-and-pencil format to an out-of-class online format; or vice versa).

Evaluation Procedures:

Each of the above areas will be evaluated in the following manner. **(Final points may be adjusted as deemed necessary by the instructor)**. What you can expect from me is a clear, concise grading rubric for each assignment I ask you to submit. My hope is that these rubrics will not only help facilitate your ability to complete quality work, but to provide transparency into the grading process.

Retention Quizzes (28 x 10 points)	280 points (~32%)
Concept Reflections (14 x 10 points)	140 points (~16%)
Lab Reports (3 x 50 points)	150 points (~17%)
Examinations (3 x 100 points)	300 points (~34%)
Total Points	**870 points**

The final grade will be computed on the basis of the total points generated by the student. The grade will be based on the following percentage.

A = > 90 %
B = 89-80 %
C = 79-70 %
D = 69-60 %
F = < 60%

Note: **Extra credit is a privilege; NOT a right.** With this in mind, there may or may not be opportunities for extra credit available throughout the semester. However, if there is extra credit it will most likely be in the form of participation in an active research project within the Applied Physiology Laboratory. The amount of credit awarded for participation will be directly related to the length of participation required (i.e., longer studies will be worth more credit). If you do not or cannot participate in any active projects, I will allow you to attend fitness classes put on by the Department of Recreation (free to students) in order to accumulate the time required of research participants (i.e., if a study requires 4 hours of time commitment you must attend 4 hours' worth of fitness classes). Your attendance must be documented and signed off on by the class instructor(s) and submitted to me immediately once all hours are completed.

Syllabus Supplement

Academic Honesty:

ACADEMIC DISHONESTLY WILL NOT BE TOLERATED in this class. If you plagiarize an author's published work(s), or if you copy from your fellow students/classmates, you will immediately be dropped from this class. You will receive a grade of "Earned F" and the matter will be turned over to the College of Education administration for further dealings. I will repeat my previous statement; **ACADEMIC DISHONESTLY WILL NOT BE TOLERATED.**

Please visit the **Academic Dishonesty website** so that you are familiar with the consequences of academic misconduct.

Special Concerns:

Any student who, because of a disabling condition, may require special arrangements in order to meet course requirements should contact me as soon as possible to make necessary accommodations.
