

# *Tribal Early Child Care Support (TECCS) Scholarship 2021-2022*

The Tribal Early Child Care Support scholarship awarded through the Family & Consumer Sciences Department with funding from the Child Care and Development Fund (CCDF) programs of the Miami Tribe, Ottawa Tribe, and Shawnee Tribe with funds received from the Administration for Children and Families, Office of Child Care. The purpose of the scholarship program is to support individuals in the field of Child Development and Early Childhood Education with the goal of increasing the quantity and quality of teachers in early child care programs such as family child care homes or centers.

The **TECCS** Scholarship is a large scholarship and it will cover the cost of tuition, books, and campus housing/meal plan (if applicable), with the remaining funds transferred to the student for other expenses. The number of scholarships awarded is dependent upon the number of applicants and the funds available. The average award for full-time students is expected to be approximately \$10,000 per student recipient per semester; part-time students may be eligible for an award of \$5,000 per semester. This scholarship will be withdrawn and reassigned if the recipient's eligibility changes.
