Key Terms & Definitions

- Active Enrollment:** Members must make active elections for benefits/coverage. If you are currently enrolled, and do NOT make new elections, your coverage will default to Plan N with an HRA.
- Benefit Description:** The Benefit Description provides a detailed summary of the benefits and limitations of the plans of coverage. It also outlines member rights and processes for benefit questions, appeals and grievances. Benefit Descriptions may also include amendments to the benefit plans when any modifications are made to coverage.
- Coinsurance:** Once you meet your annual Deductible, you and the Plan share in the cost of covered medical expenses. This is called “Coinsurance.” When you visit Network providers, your Coinsurance is much less than if you visit Non Network providers. Coinsurance is considered an out-of-pocket cost, just like Copays.
- Copay:** A fixed amount you pay for a covered health care service (for example, a doctor’s visit). A Copay amount may vary by the type of covered health care service.
- Deductible:** A fixed dollar amount you must pay each calendar year before the plan begins reimbursing for eligible expenses. There are two types of deductibles:
- Individual Deductible:** The Individual Deductible applies separately to each covered person in the family. When a person’s Deductible expenses reach the Individual Deductible amount, the person’s Deductible is met. The Plan then starts to pay benefits for that person at the appropriate Coinsurance percentage.
- Family Deductible:** The Family Deductible applies to the family as a group. When the combined Deductible expenses of all family members reach the family Deductible, the family Deductible is met. The Plan then begins to pay benefits for all covered family members at the appropriate Coinsurance percentage.
- HDHP:** A “High Deductible Health Plan” which meets federal requirements to qualify a covered person to establish and contribute to a Health Savings Account (HSA).
- Health Reimbursement Account (HRA):** An HRA is a tax-advantaged account available to members of Plans C, J or N that allows your employer to set aside money for you to use to pay for qualified medical expenses incurred during the Plan Year. Your employer contributes to your HRA! See page # 26 for details.
- Health Savings Account (HSA):** An HSA is a tax-advantaged account available to members enrolled in a qualified High Deductible Health Plan that allows you to save money for qualified medical expenses for this year and the future. Your employer contributes to your HSA, and you can too! See page 24 for details.

Network:	The providers who have agreed to participate with the medical, dental or vision plans to accept the allowed amount as payment in full, less any Deductibles, Copays or Coinsurance. Your plans will pay a greater percentage of the cost when you use Network providers.
Non Network:	Providers who have NOT agreed to contract with the medical, dental or vision plans to accept the allowed amount. You will typically pay more in Out-of-Pocket expenses to use Non Network providers, compared to Network providers.
Open Enrollment:	The period of time when you may review, and enroll or waive benefits available to you through the State Employee Health Plan (SEHP). Typically, the Open Enrollment Period is in October each year.
Out of Pocket Maximum (OOP):	The most an employee could pay during the Plan Year for his/her share of the costs for covered services, including Copays, Coinsurance and Deductible. OOP does not include costs for services not covered by the plan, over-the-counter medications or amounts over the allowable amount charged by Non Network providers.
Plan Year:	The coverage period to accumulate your share of covered expenses toward your Out-of-Pocket limit. The State Employee Health Plan (SEHP) Plan Year is January 1st thru December 31st of each year.
Premium:	A premium is the contribution or share you pay to have insurance. Your premiums are deducted from your pay on a semi-monthly basis. The amount of your premium depends on the plan you elect, whether you choose individual or family coverage, and whether you're a part-time or full-time employee. You pay your premium regardless of how often you use the Plan. Non State Group members should check with their employer for premium costs.
Qualifying Event:	A recognized family status change such as marriage, divorce, birth or adoption of a dependent, death of a spouse or dependent, gain or loss of employment and/or benefits for a spouse or dependent. A Qualifying Event enables you to make a coverage change during the middle of a Plan Year, provided the change is consistent with the family status change, and the request for the change is made within 31 days of the event.
Summary of Benefits & Coverage (SBC)	The SBC is a more detailed document than this enrollment book that shows how you and the plan would share the cost for covered health care services. For the complete terms of each medical plan, please reference the Benefit Description document on the SEHP website under the corresponding plan.

Eligibility

ELIGIBLE EMPLOYEES

Newly Hired or Newly Eligible Employees have 31 days from their date of hire, or becoming eligible, to enroll in benefits.

- For Newly Hired individuals, coverage will be effective on the 31st day of employment.
- For Newly Eligible employees, coverage will continue to be effective the first day of the following month unless the change is made on the first day of the month, then it is that day.

If you do not enroll by the deadline, you will not be eligible to enroll again until the next Open Enrollment period (unless you experience a Qualifying Event {see page 5} which allows you to enroll).

In addition to covering yourself, you may elect coverage for your eligible dependents. They include:

- Your lawful spouse
- Your child(ren) or stepchild(ren) under the age of 26.

Note: In the event of a divorce, coverage for your former spouse and/or stepchild(ren) will end on the last day of the month in which the divorce is finalized. You must notify the SEHP when the divorce is final.

During enrollment, required documentation must be submitted online through the Membership Administration Portal (MAP) <https://sehp.member.hrissuite.com> to cover eligible dependents.

DOCUMENTATION

- Your Kansas employee ID number (available from your Human Resources Office)
- The last six digits of your social security number (SSN)
- Your date of birth
- Dependent documentation must be scanned and uploaded as a PDF to MAP when requesting to add a new dependent. Human Resources Representatives can assist in uploading documents if needed.

ADDING A NEWBORN

Employee/Spouse, Employee/Children, Employee/Family or Single coverage administratively provides benefits for a newborn child for first 31 days (beginning on the date of birth). However, NO benefits will be available beyond that time unless the member submits a change request form in MAP to add the newborn. All mid-year membership change requests for SEHP members must be submitted through their member portal and the appropriate documentation uploaded within 31 days of birth.

Premium Assistance Programs

The State Employee Health Plan has options available for those families with children under the age of 19 should they need assistance covering the cost of medical insurance premiums. There are two programs available: Healthy KIDS, for State Employees Only; and the Children's Health Insurance Program (CHIP) that is available to all SEHP members that meet income guidelines and have children under the age of 19.

HEALTHYKIDS PROGRAM (STATE EMPLOYEES ONLY)

The HealthyKIDS program is for eligible State Employees only and does not apply to enrolled Non State Employer Groups. This program helps cover the cost of the premiums for their children enrolled in the State Employee Health Plan (SEHP).

Eligibility for the HealthyKIDS program is based in part on family income. Children in households who would otherwise qualify for the Federal/State Medicaid program, may be eligible. The HealthyKIDS program is not Medicaid.

Review the income guideline chart link at <https://healthbenefitsprogram.ks.gov/sehp/HealthyKIDS> to see if you may qualify. Additional information on the SEHP site may help to determine your eligibility. If you believe you are eligible for HealthyKIDS, go to your member portal at <https://sehp.member.hrissuite.com>, or if you are employed at ESU, KSU, KU, KUMC or PSU, your member portal is https://sso.cobraquad.net/seer_login.php. Sign into your member portal, click on the Enrollments & Events tab and click on the HealthyKIDS link in the green box at the bottom of the page.

When completing the HealthyKIDS application, make sure to use monthly income. You will need to include everyone living in the household: the employee, spouse, and their eligible dependent children under age 19, adopted children & minors for whom the employee has legal custody.

At the time of your application, you will be notified online if you qualify for the HealthyKIDS program. If approved, your premiums for coverage of your dependent children will be adjusted based upon the current HealthyKIDS contributions. The HealthyKIDS premiums are found at the bottom of the Semi-Monthly Rates for State of Kansas Active Employees.

Annual application is required. If you are applying mid-year due to a qualifying event, your application must be received no later than 31 days from the date of the qualifying event.

CHILDREN’S HEALTH INSURANCE PROGRAM (CHIP)

CHIP coverage is available to the child(ren) of individuals who are eligible to enroll in the SEHP. For most employees, if your child(ren) qualifies for HealthyKIDS, they may qualify for the KanCare CHIP program. This program has the potential savings of several thousand dollars if you were previously enrolled in HealthyKIDS.

Benefits under CHIP coverage include:

- No Deductibles.
- No Copays.
- No Coinsurance.
- Monthly household premiums from \$0 to \$50, based on income, household size and age of children.
- Free annual checkups and screenings, including dental.
- Choice of three (3) medical carriers each offering different benefits.
- Coverage is accepted by most doctors.

Household income limits are similar to HealthyKIDS. To check your specific household income, please use the KanCare Medical Assistance Standard chart, found on the SEHP website: [HealthBenefitsProgram.ks.gov](https://healthbenefitsprogram.ks.gov).

State Employees can apply for CHIP for their child(ren) during Open Enrollment, either by filling out the paper application or online using the following link: <https://kancare.ks.gov/consumers/apply-for-kancare>.

If you are going to apply for CHIP, you should still enroll your children in the SEHP medical plans until approved for CHIP. You may call 800-792-4884 if you have questions about CHIP.

During Open Enrollment, if your child(ren) is eligible for CHIP after enrolling them in the SEHP, the approval letter from KanCare will need to be uploaded in MAP when you submit the request to drop your SEHP coverage for your child(ren) for the next plan year.

Gaining CHIP coverage mid-year does not meet the requirements of a Qualifying Event that would allow you to drop your SEHP coverage. The only time members can drop SEHP for CHIP is during open enrollment for the next plan year. CHIP approval after January 1 is not a qualifying event to drop SEHP.

Understanding your Options

MEET ALEX

ALEX is an online resource the SEHP uses to walk you through all of your available benefits and explain how they work. ALEX can also help you to compare the various health plan options based on your individual circumstances.

Ever wanted to know what the cost difference would be to cover your family on Plan C vs Plan N? Let ALEX do that calculation for you.

“Talking” with ALEX is easy.

1. **Select some basic options** like how many people will be covered on your plan and what types of medical claims you anticipate for the year (your answers remain strictly anonymous).
2. **Let ALEX crunch some numbers**, explain your available benefits options, and make recommendations based on your specific circumstances.
3. **Print or save your ALEX selections** and complete your enrollment through MAP or go through the process again with a different scenario.

Meet
alex®

ALEX provides a summary of your benefits, but you should fully review all of your benefits documents before enrolling. ALEX may provide estimates or suggestions, but only you can elect benefits to best suit your needs and budget. ALEX is an educational tool. It is not an application for enrollment, and you will still need to enroll and complete your elections in MAP.

Medical Plans

MEDICAL PLANS |

**BlueCross
BlueShield
of Kansas**

The State Employee Health Plan (SEHP) offers four medical plans:

- **Plan A** (traditional Preferred Provider Organization (PPO plan))
- **Plans C and N** (Qualifying High Deductible Health Plans)
- **Plan J** (meets all requirements for J-1 Visa employees)

All medical plans include:

- Prescription Drug coverage
- Telemedicine options
- Preferred Lab benefits

Medical plan coverage is provided through both Aetna and Blue Cross and Blue Shield of Kansas (BCBSKS).

Please review both provider networks to determine which provides the best access for your needs.

Medical Plan Highlights

- **Preventive services** are covered at 100% of allowable charges when using a Network provider, including services like annual preventive exams, age-appropriate immunizations, health coaching, and age-appropriate cancer screenings like mammograms, colonoscopies, etc.
- **Prescription Drug benefits** for all plans are provided through CVS/Caremark.
- **Preferred Lab benefits** are provided through Quest Diagnostics, Stormont Vail Health and The University of Kansas Health System (TUKHS).
- **Telehealth Services** are provided through both medical provider networks and the HealthQuest Health Center.
- The **HealthQuest Health Center** in downtown Topeka, KS is available to anyone enrolled in the SEHP medical coverage (Plans A, C, J, or N) over the age of 2.

PLAN A

TRADITIONAL PPO PLAN

Plan A is a traditional PPO plan, also known as a Preferred Provider Organization (PPO). This type of health plan contracts with medical providers, such as hospitals and doctors, to create a Network of participating providers. You pay less if you use providers that belong to the plan’s Network; however, you may still use Non Network doctors, hospitals, and providers for an additional cost.

HOW IT WORKS

Physician Care Visits when using a Network provider under Plan A are subject to the corresponding Copay. Eligible Preventive Care Services are covered at 100% when received by a Network Provider.

Non Network physician visits and services are first paid by the member until their Deductible is met. Once the Deductible is met, the Plan shares the cost of covered services with the member (Coinsurance). As Non Network Providers have not agreed to accept the plan’s allowed charge, you may also be responsible for the difference between the plan’s allowance and the provider’s actual charge for services. Once the member reaches their designated Out-of-Pocket Maximum (OOP), the Plan pays covered services at 100% of the Plan’s allowed charge.

Members on Plan A share the cost of Prescription Drugs with the Plan through Coinsurance. Pharmacy expenses are not applied to the Plan A medical Deductible. **The Coinsurance does apply to your OOP maximum.**

Your Copays, Deductible and Coinsurance apply until the OOP is met. The Network and Non Network Deductibles, Coinsurance and OOP accumulate separately.

Members of Plan A are not eligible for HealthQuest Reward Dollars; however, they may earn the annual Premium Incentive Discount. (see page 34 for more information)

PLANS C and N - (HDHP)

HIGH DEDUCTIBLE HEALTH PLANS

HDHPs are plans with a higher Deductible than a traditional insurance plan. The monthly premium is usually lower, but you pay more health care costs yourself (your Deductible) before the plan starts to pay its share. A HDHP can be combined with a Health Savings Account (HSA) or Health Reimbursement Account (HRA), allowing you to pay for certain medical expenses with money free from federal taxes.

HOW IT WORKS

Services received under Plans C & N are paid by the member until the Deductible is met. Once the Deductible is met, the plan will share costs with the member (Coinsurance) until the Out-of-Pocket Maximum (OOP) is met. Once a member meets the OOP, the plan pays for covered services at 100%. Eligible Preventive Care Services are covered at 100% when received by a Network Provider. The Network and Non Network Deductible, Coinsurance and OOP accumulate separately.

Plans C & N include a Health Reimbursement Account (HRA) or a Health Savings Account (HSA) where your employer makes contributions. (see page 24 for more information)

Members of Plans C & N are eligible to earn HealthQuest Rewards Dollars and an annual Premium Incentive Discount by participating in the HealthQuest wellness program. (See page 34 for more information)

Proactively Manage Medical Expenses

State of Kansas medical plans empower you as the member to have control over the expenses you pay for covered services. By being an educated consumer and using the tools provided, you can be proactive to meet your healthcare needs. Below are some helpful tools and tips:

- 1. Take advantage of preventive services.** Preventive services are covered at 100% by all SEHP medical plans when using a Network Provider.
- 2. Use Network providers whenever possible.** SEHP plans cover services received through Network providers at a higher percentage than services received through Non Network providers. Provider lists are available online at HealthBenefitsProgram.ks.gov.
- 3. Ask questions.** Check with different providers regarding the cost of their services.
 - **Aetna members** can access the Member Payment Estimator to estimate out-of-pocket expenses for various services.
 - **Blue Cross and Blue Shield of Kansas members** can access the SmartShopper program. The SmartShopper program is available to help locate the lowest cost location, schedule appointments and obtain pre-authorizations for various medical treatments and procedures.
- 4. Manage your prescription options** using RxSavings Solutions, a simple online service that reviews and monitors your prescriptions for lower cost options. RxSavings is free to SEHP members and can notify you when lower cost options are available. Enable an account at <http://myrxss.com>.
- 5. Select the right location for treatment.** The cost of non-life-threatening conditions is much higher in an emergency room or community hospital than at an urgent care center, telehealth provider, physician's office, or the HealthQuest Health Center.
- 6. Develop a relationship with a primary care provider.** Primary Care physicians specialize in diagnosing, treating, and preventing a wide variety of conditions. Many of the preventive services covered by SEHP plans can be facilitated through your primary care provider.
- 7. Participate in the HealthQuest wellness program.** HealthQuest was developed to provide you the tools necessary to improve your overall health and wellbeing, while providing you financial rewards along the way like an annual premium discount and/or contributions to your eligible HRA or HSA.
- 8. Take care of yourself.** Eat healthy foods, exercise, and manage your current conditions to improve your quality of life. Your HealthQuest Health Coaches can help you along the way at no cost to you. Enable an account at HealthQuest.ks.gov.
- 9. Take advantage of discount programs.** Each provider offers their own selection of member-only discounts on things like gym memberships, hearing aids, medical and dental equipment, apparel and more.

Health Savings Account (HSA)

HEALTH SAVINGS ACCOUNT |

A Health Savings Account (HSA) is available to all members enrolled in a Qualified High Deductible Health Plan (Plan C or Plan N). An HSA is a personal healthcare bank account that you can use to pay out-of-pocket medical expenses with pretax dollars. You own and administer your own HSA. You determine how much you will contribute, when to use your money to pay for qualified medical expenses and when to reimburse yourself. HSAs allow you to save and roll over money if you do not spend it in the calendar year. The money in this account is always yours. If you change health plans or jobs, the money in the account is yours to keep.

Eligibility to Contribute to an HSA

The IRS sets the guidelines outlining your eligibility to enroll and contribute to an HSA. These rules apply only to you as the employee and not to any covered family members. For you to qualify for an HSA, you must meet ALL the following:

- You must enroll in Plan C or N.
- You cannot be enrolled in Medicare A or B, Medicaid or TRICARE.
- You cannot be claimed as a dependent on another person's tax return.
- You may not be enrolled in another health plan not considered a Qualified High Deductible Health Plan.

Plan C requires an employee contribution of \$25 per pay period (\$50 per month) to receive the employer contributions to your HSA.

Plan N does not require any contribution from you, the employee, to receive the employer contributions. The employer contribution amounts are outlined for you on the following page. Your employee contributions are made to your HSA on a pre-tax basis, and when you use the funds for eligible expenses, the amount you spend is not taxable.

The IRS sets maximum limits each year for total contributions to your HSA. These maximums include your contributions AND the employer contributions. SEHP members age 55 and over are also allowed to make additional "catch-up" contributions to their HSA above the IRS maximum. The "catch-up" contribution maximum is \$1,000 each year. Once you enroll in Medicare, you may no longer contribute to an HSA.

HealthQuest rewards can be earned up to \$500 each year for employee, and up to \$500 each year for your covered spouse, for a possible total of \$1,000. These dollars count toward the annual maximum contributions to your HSA. To receive HealthQuest dollars you must have an active paycheck.

Important: You are responsible to ensure your HSA contributions do not exceed the IRS maximum each year. Amounts in excess of the maximum limit will be subject to IRS penalties and additional taxes.

You may make adjustments to your HSA employee contributions at any time during the year by submitting a request to change your contribution amount in your Membership Administration Portal (MAP) account.

- **State Employees:** Employer contributions are made to your account quarterly.
- **Non State Employees:** Employer contributions are made monthly.
- **State and Non State New Employees:** Employer contributions begin the calendar quarter following the benefit effective date of your coverage.

Health Reimbursement Account

HEALTH REIMBURSEMENT ACCOUNT | MetLife

A Health Reimbursement Account (HRA) is a tax-advantaged savings account available to you if you enroll in Plans C, J, or N. The State contributes to the HRA account on your behalf. You may use the money in your HRA to pay for eligible health expenses. When you earn HealthQuest rewards, you are eligible to receive contributions in your HRA. The HRA will end if you terminate employment, and does not have a rollover provision.

Employees who are not eligible to contribute to a Health Savings Account (HSA) because of one of the following reasons will need to elect the HRA option:

- Enrolled in Medicare A or B.
- Enrolled in TRICARE.
- Being claimed as a dependent on someone else's tax return.
- Concurrent enrollment in another health plan not considered a Qualified High Deductible Health Plan.

State Employees – Employer contributions are made to your account quarterly.

Non State Employees – Employer contributions are made to your account monthly.

If you have remaining HRA funds at the end of the plan year (December 31), the funds do not roll to the next year. Participants will have 60 days from December 31 to file manual claims for expenses incurred in the plan year. If you should terminate employment, you will have 60 days to file manual claims for any expenses incurred while employed for the plan year.

Note: Newly hired State and Non State Employees, the Employer Contributions will begin the quarter following the benefit effective date.

For additional information visit [HealthBenefitsProgram.ks.gov](https://www.healthbenefitsprogram.ks.gov).

The employer contribution amounts are outlined on the following page.

Have you considered an HRA?

The HRA is an employer-funded account. You get the same employer contributions as an HSA and you submit claims for reimbursement.

The SEHP offers dental benefits through Delta Dental Plan of Kansas. There is a single plan with multiple levels of coverage. The Enhanced level of coverage applies when you have received at least one dental exam or cleaning in the prior 12 months. Both of Delta Dental's nationwide Networks, Delta Dental PPO and Delta Dental Premier, are included in your plan; however, you will receive higher benefit levels when using the Delta Dental PPO Network. You may also go to a Non Network provider and receive coverage similar to the Delta Dental Premier Network; however, any amounts in excess of Delta Dental's established fee for service are the member's responsibility.

Accident Insurance

Can help protect your savings from unexpected expenses that may not be covered by medical insurance.

- Can cover your family for a variety of accidental injuries, including broken bones, concussions, dislocations, and second and third-degree burns.
- Provides a lump sum payment when a covered person has medical services/treatments related to accidental injuries. These costs may include ambulance transport, certain doctor visits, medical testing or physical therapy.

Critical Illness Insurance

When a critical illness occurs, recovery and treatment can sometimes take weeks or months, and this coverage can help with some of the expenses.

- Covers specific conditions including cancer, heart attack, stroke or Alzheimer's disease.
- Provides a lump sum payment to you if you are diagnosed with a covered condition, which helps you focus on your recovery instead of your finances.

Hospital Indemnity Insurance

Hospital stays can cause a variety of out-of-pocket costs (medical plan Deductibles, treatments, transportation, therapies and other unplanned expenses).

- If you experience a covered event and meet the policy and certificate requirements for an inpatient hospital stay, a lump sum payment will be made directly to you.
- Typically, a flat amount is paid for the day you are admitted to a hospital and a per day amount is paid for each day of a covered hospital stay.

Flexible Spending Accounts

FLEXIBLE SPENDING ACCOUNT | NueSynergy CUSTOMER FOCUSED • TECHNOLOGY DRIVEN

Flexible Spending Accounts (FSA), provided by NueSynergy, are a tax-saving way to pay healthcare and dependent care expenses that you would typically pay for out-of-pocket. Expenses such as Deductibles and Copays can quickly add up, and dependent day care or elder care can be expensive. FSAs let you pay these expenses with pretax dollars. This means that the money you set aside is not taxed, so you save money.

There are three accounts available to you: Healthcare FSA, Limited Purpose FSA, and Dependent Care FSA. Each October, you make a new election for the coming year. Your new enrollment election becomes effective January 1.

- **Health Care FSAs** allows reimbursement for qualified medical, dental or vision expenses not covered by insurance. Common expenses for the Healthcare FSA include Copays, prescriptions, eye glasses, dental services, and orthodontics. Up to \$550 of unused Health Care FSA contributions may be carried over to the following calendar year.
- **Limited Purpose FSAs** allow reimbursement for qualified dental or vision expenses. You are eligible to enroll if you participate in a Health Savings Account (HSA), Plan C or N. Up to \$550 of unused Limited Purpose FSA contributions may be carried over to the following calendar year.
- **Dependent Care FSAs** allow reimbursement when a dependent under the age of 13 or adult dependent is physically or mentally incapable of self-care. Common Dependent Care costs include daycare centers, before/after school care and adult daycare centers. There is a 75-day grace period, where you can continue to incur expenses up until March 15, 2022. The deadline to submit Dependent Care claims against your 2021 Plan Year balance is April 30, 2022. Funds in a Dependent Care FSA do not roll over to the following year.
