What is a data visualization poster?

A data visualization poster is a display containing two or more related graphics that summarize a set of data, look at the data from different points of view, and answer specific questions about the data.

All students in grades 10 through 12 residing in Kansas, Missouri and Oklahoma, are eligible to participate. For grades K-9, posters can be submitted directly to the national competition.

For rules, permission, and judging criteria, please read the document at
<https://www.amstat.org/education/asa-data-visualization-poster-competition-for-grades-k-12->

HOW CAN I ENTER?

- There is no entry fee!
- The national competition only accepts electronic posters.
- If you want to send a physical poster for the local competition, please follow the instructions below:
 - Registration form **securely affixed** to the back of the poster.
 - Note: Multiple entries may be mailed together but must have separate registration forms. Please send entries flat between taped sheets of cardboard. **Do not send posters rolled in a tube.** They should be delivered to:
