

**2022** Virtual Summit for the  
Prevention of Sexual & Domestic Violence

# Safety Through Economic Security

**AUDIENCE:** This Summit is a networking and learning opportunity for all those working to end sexual and domestic violence. This conference is multidisciplinary and is appropriate for both prevention and intervention-based professionals.

**Featuring Nationally Recognized  
Experts who will lead us in:**

- Understanding survivors' experiences and the economic ripple effect of violence.
- Exploring the impact of economic hardship on safety.
- Examining innovative strategies for social change and violence prevention.
- Creating community support before, during, and after crisis.
