Laboratory Services

The Student Health Center offers a full range of laboratory tests to aid in the diagnosis and treatment of patients. Specimens are obtained at the clinic and are sent daily to a reference lab. Results are obtained overnight or on an immediate basis at the discretion of the medical provider. Fee for service. Third party billing is available for laboratory services billed through the reference lab service (additional specimen handling fees may apply). Pregnancy tests, strep screens, glucose testing, and urinalysis are performed in-house with immediate results available.

Radiology Services

Radiology services are available at discounted pricing by submission of a voucher accompanying the medical provider's order to Ascension Via Christ Medical Center.
