

The background of the entire page is a photograph of a modern brick building with large glass windows. The building is partially obscured by lush green trees and a field of tall grasses in the foreground. In the immediate foreground, there are out-of-focus red flowers. The sky is bright blue with scattered white clouds.

The National Anthem

Oh, say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight
O'er the ramparts we watched, were so gallantly streaming.
And the rockets red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

Pittsburg State University Alma Mater

On the plains of Southeast Kansas,
'Neath an ever cloudless sky,
Far away from surging ocean,
And the storm-bird's plaintive cry;
With her prairies rolling Westward,
Where the buffalo once were great,
With her ensign proudly waving,
Stands our own Pittsburg State.

Refrain

Let us greet the Gold and Crimson
With a strong and cordial cheer,
Let our hearts be ever loyal
To our Alma Mater dear.

2025 Dr. Robert K. Ratzlaff Outstanding Faculty

Nominated by students. Selected by a student committee.

From left: Provost Susan Bon, Shannon Nicklaus, Anuradha Ghosh, Amber Tankersley, and President Dan Shipp

Winners of the Dr. Robert K. Ratzlaff Outstanding Faculty Award, chosen by students, are Anuradha Ghosh (Biology), Shannon Nicklaus (Construction), and Amber Tankersley (Family & Consumer Sciences).

Ghosh was described by students as an incredibly supportive mentor who welcomes students on research teams early on, allowing them to gain hands-on experience with her and build a strong foundation in research. She has helped students secure K-INBRE and STAR traineeships, and has guided them in research, bioinformatics, and academic growth.

Nicklaus (BS '95, MST '01, MET '08) was described by students as being a dedicated professor and mentor who goes beyond the

classroom to help them grow personally and professionally. He connects students with industry professionals, helping them secure internships and full-time jobs, and has written grants to ensure students have the resources to explore new opportunities.

Tankersley was described as an educator who goes above and beyond. With an emphasis in early childhood curriculum, she has made classes engaging and tailored coursework to student needs, drawn on her own experience working in and directing preschool settings, supported individual student goals, and encouraged students to not give up on their dreams.

2025 Outstanding Staff

Nominated by students. Selected by a student committee.

From left: Provost Susan Bon, Carol Young, Brenda Hawkins, Jamie Rink, and President Dan Shipp

Winners of the new Outstanding Staff Award, chosen by students, are Brenda Hawkins (International Programs and Services), Jamie Rink (Student Financial Assistance), and Carol Young (University Police & Safety).

Hawkins was described by students as the heart of Pittsburg's international student community, going above and beyond to help them navigate complex immigration policies and organize major cultural events like GlobalFest. She teaches transition classes,

fosters community connections, and ensures every student feels welcomed and supported.

Rink (BS '01, MS '05) was described by students as having a willingness and passion to help every student succeed and feel like they belong at Pitt State, going out of her way to individually assist students and parents break down barriers. She played a major role in the development and implementation of the new Great Gorilla scholarship program.

The Mace and Medallion

Two symbolic badges of authority, traditional in many European universities and at some of the oldest schools in the nation, are being used in the commencement ceremonies. The honor of carrying the University Mace at commencement is given to a Pittsburg State University employee with extensive service to the university.

The Presidential Medallion is worn by the President of Pittsburg State University.

In the Middle Ages, maces were used as weapons for breaking the armor of enemies on the field of battle. The use of maces as symbols for academic institutions originated in England in the 1500s.

The university mace features four individual medallions surrounded by brass, with a mahogany staff sectioned by brass accents. The four medallions featured on the head piece represent historic seals used by the university during its first century of existence.

The current university seal is cast in bronze and featured on a solid mahogany disc which rests on top of the ceremonial mace.

The Presidential Medallion proudly displays the names of every president who has provided leadership and vision for our university. Again, the history of Pittsburg State University is on display with the inclusion of historical university seals on the chain of office.

The past is symbolically connected to present by the chain of office which connects to a bronze banner displaying the name of the current president. An antique bronze medallion showcasing the official seal of the University anchors the chain of office.

The History of Academic Regalia

The robes, hats and hoods worn by faculty members and graduates have historical origins and significance. During the Middle Ages, scholars at the earliest English and European universities wore wool or fur garments to stay warm in drafty stone buildings that were poorly heated. Most wore cloaks that included a hood that could be pulled up to keep their heads warm. The current academic gowns and hoods were adapted from both secular and clerical garments of the time.

The style of academic dress most frequently worn in the United States dates back to colonial times. The sleeves of the robes vary, depending on the degree held by the wearer. The head covering most commonly used in the

United States is the square, tasseled “mortarboard.” The hood is the most distinctive feature of American academic dress. Hoods are lined with the colors of the institution that awards the degree, and may be faced with the color designating the degree awarded.

As you observe the hoods worn by candidates for graduate degrees, note that the colors of Pittsburg State University are embodied in the lining of the hood (crimson and gold), and the velvet trim indicates the degree (e.g., gold for Master of Science). The colors of the hoods of faculty and guests are those of the institution conferring the degree.

The Pittsburg State University Seal

The Pittsburg State University Seal, redesigned in 1994, reflects

the mission of instruction, research and service and also symbolizes the history, traditions,

and future of the University. The first circle from the outside represents the University’s future. The second circle identifies the University’s name; the wheat sheafs symbolize the State of Kansas. The third circle includes the initials and dates for the previous names of the institution and identifies the mission of Pittsburg State University. The fourth circle contains an etching of the front entrance to Russ Hall with its four columns, the symbolic image of the University.

Change and progress give evidence of the dynamic development of Pittsburg State University from the founding of the State Manual Training Normal School in 1903 to the recognition in 1923 of the transformation of SMTN to Kansas State Teachers College, a comprehensive college educating teachers for the nation’s elementary and secondary schools. From the very beginning, some graduates pursued careers in professional areas allied to their teaching degree. In 1959, KSTC became Kansas State College at Pittsburg, which recognized the expanded mission to educate students in the arts and sciences and in business, education, and technical fields for various professions and careers. In 1977, KSCP became Pittsburg State University to mark the transition from a college to a university with a range of undergraduate majors, graduate programs, and four organized schools in arts and sciences, business, education, and technology. The University embraced a common bond with all universities to pursue instruction, research and service.

One constant in the ten decades of Pittsburg State University is Russ Hall. Constructed in 1907 and opened in January 1908, it became the landmark first building that anchored SMTN as a permanent presence in higher education in Pittsburg, the State of Kansas, and the Nation. The doors to Russ Hall have admitted thousands of students during the University’s history. Russ Hall forever stands as a tribute to the bold vision of the founders.

The Pittsburg State University campus is picturesque at any time of year, but especially so in the spring when blooming tulips and redbuds provide perfect photo backdrops for students in their graduation regalia.
