

Pittsburg State University
Commencement

May 2026

The National Anthem

Oh, say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight
O'er the ramparts we watched, were so gallantly streaming.
And the rockets red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there.
Oh, say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

Pittsburg State University Alma Mater

On the plains of Southeast Kansas,
'Neath an ever cloudless sky,
Far away from surging ocean,
And the storm-bird's plaintive cry;
With her prairies rolling Westward,
Where the buffalo once were great,
With her ensign proudly waving,
Stands our own Pittsburg State.

Refrain

Let us greet the Gold and Crimson
With a strong and cordial cheer,
Let our hearts be ever loyal
To our Alma Mater dear.

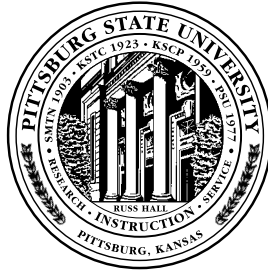

Announcer

Dr. Jon Bartlow, Associate Vice President and Dean of Students

Assisted by

Darius Graves, Assistant Instructional Professor, English and Modern Languages

A student having their name in the commencement program and participating in commencement does not automatically mean that a student has graduated. In order to graduate, a student must complete all requirements of their degree program. Only students who applied/petitioned for graduation by the deadline will have their name listed in the commencement program.

2026 Dr. Robert K. Ratzlaff Outstanding Faculty

Nominated by students. Selected by a student committee.

From left: President Thomas Newsom, Jody Neef, Chris Huitt, Heather Carter, and Charlie Judd, Student Government Association Grants and Giving Chairperson.

Winners of the Dr. Robert K. Ratzlaff Outstanding Faculty Award, chosen by students, are Heather Carter (Family and Consumer Sciences), Jody Neef (Chemistry), and Chris Huitt (Graphic Communications).

Carter was praised for her engaging teaching style, personal approach, and ability to connect course content to real-life experiences. Students highlighted her dedication to their success through career mentoring, internships, extra coursework, and encouragement to pursue conferences and professional opportunities.

Neef was recognized for his commitment to student well-being, accessibility, and support in and beyond challenging coursework. Students also noted his mentorship, advocacy for Women in STEM, recruitment efforts, and compassion during personal hardships.

Huitt was commended for creating hands-on, industry-focused learning experiences in an engaging classroom environment. Students emphasized his clear instruction, encouragement, and support for real-world projects that benefit programs and student organizations.

2026 Outstanding Staff

Nominated by students. Selected by a student committee.

From left: President Thomas Newsom, Alexander Beach, Sammye Opela, Sydney Anselmi, and Charlie Judd, Student Government Association Grants and Giving Chairperson.

Winners of the Outstanding Staff Award, chosen by students, are Alexander Beach (Campus Recycling/Facility Operations), Sammye Opela (Teaching and Leadership), and Sydney Anselmi (Campus Activities/Fraternity and Sorority Life).

Students described Beach as a dependable, compassionate leader whose steady presence and attention to detail make an often-overlooked role essential to campus operations. They especially praised his leadership during the SEK Recycling closure and the supportive relationships he builds with student employees, offering mentorship that extends beyond the job.

Students recognized Opela as a welcoming, organized, and kind presence who goes above and beyond to help students and faculty navigate departmental processes. Her personal support, particularly for new and international students, has helped create a positive, comfortable, and inclusive departmental environment.

Students praised Anselmi for her accountable, consistent leadership and genuine care for student growth, well-being, and success. Her mentorship and availability have strengthened the Greek community while shaping students both personally and professionally.

The Mace and Medallion

Two symbolic badges of authority, traditional in many European universities and at some of the oldest schools in the nation, are being used in the commencement ceremonies. The honor of carrying the University Mace at commencement is given to a Pittsburg State University employee with extensive service to the university.

The Presidential Medallion is worn by the President of Pittsburg State University.

In the Middle Ages, maces were used as weapons for breaking the armor of enemies on the field of battle. The use of maces as symbols for academic institutions originated in England in the 1500s.

The university mace features four individual medallions surrounded by brass, with a mahogany staff sectioned by brass accents. The four medallions featured on the head piece represent historic seals used by the university during its first century of existence.

The current university seal is cast in bronze and featured on a solid mahogany disc which rests on top of the ceremonial mace.

The Presidential Medallion proudly displays the names of every president who has provided leadership and vision for our university. Again, the history of PSU is on display with the inclusion of historical university seals on the chain of office.

The past is symbolically connected to present by the chain of office which connects to a bronze banner displaying the name of the current president. An antique bronze medallion showcasing the official seal of the University anchors the chain of office.

The History of Academic Regalia

The robes, hats and hoods worn by faculty members and graduates have historical origins and significance. During the Middle Ages, scholars at the earliest English and European universities wore wool or fur garments to stay warm in drafty stone buildings that were poorly heated. Most wore cloaks that included a hood that could be pulled up to keep their heads warm. The current academic gowns and hoods were adapted from both secular and clerical garments of the time.

The style of academic dress most frequently worn in the United States dates back to colonial times. The sleeves of the robes vary, depending on the degree held by the wearer. The head covering most commonly used in the United States is the

square, tasseled “mortarboard.” The hood is the most distinctive feature of American academic dress. Hoods are lined with the colors of the institution that awards the degree, and may be faced with the color designating the degree awarded.

As you observe the hoods worn by candidates for graduate degrees, note that the colors of Pittsburg State University are embodied in the lining of the hood (crimson and gold), and the velvet trim indicates the degree (e.g., gold for Master of Science). The colors of the hoods of faculty and guests are those of the institution conferring the degree.

The Pittsburg State University Seal

The Pittsburg State University Seal, redesigned in 1994, reflects the mission of instruction, research and service and also symbolizes the history, traditions, and future of the University. The first circle from the outside represents the University’s future. The second circle identifies the University’s name; the wheat sheafs symbolize the State of Kansas. The third circle includes the initials and dates for the previous names of the institution and identifies the mission of Pittsburg State. The fourth circle contains an etching of the front entrance to Russ Hall with its four columns, the symbolic image of the University.

Change and progress give evidence of the dynamic development of Pittsburg State University from the founding of the State Manual Training Normal School in 1903 to the recognition in 1923 of the transformation of SMTN to Kansas State Teachers College, a comprehensive college educating teachers for the nation’s elementary and secondary schools. From the very beginning, some graduates pursued careers in professional areas allied to their teaching degree. In 1959, KSTC became Kansas State College at Pittsburg, which recognized the expanded mission to educate students in the arts and sciences and in business, education, and technical fields for various professions and careers. In 1977, KSCP became Pittsburg State University to mark the transition from a college to a university with a range of undergraduate majors, graduate programs, and four organized schools in arts and sciences, business, education, and technology. The University embraced a common bond with all universities to pursue instruction, research and service.

One constant in the ten decades of Pittsburg State University is Russ Hall. Constructed in 1907 and opened in January 1908, it became the landmark first building that anchored SMTN as a permanent presence in higher education in Pittsburg, the State of Kansas, and the Nation. The doors to Russ Hall have admitted thousands of students during the University’s history. Russ Hall forever stands as a tribute to the bold vision of the founders.

On the cover:

The senior classes of 1993-1996 contributed to the construction of the Centennial Bell Tower, which was dedicated in October 2000. The campus icon is

located between Axe Library and Carnie Smith Stadium. On

May 14, 2004, the university placed a time capsule below the foundation of the Bell Tower.

Centennial memorabilia, university publications, and recordings were among the 31 items selected for placement in the capsule. It's a tradition for all incoming students at Pitt State to ring the bell when they enroll, and for all graduating students to ring it before they leave.
